Christen Kobke , *Christen Kobke (1810-48)* Steven Mark Whitehead,1984 **Maleren Christen Kobke en studie i dansk kunsthistorie af ...** Emil Hannover,1893 **Christen Købke** David Jackson,Christen Købke,Kasper Monrad,2010 Christen Kobke is regarded as one of the greatest of Denmark's painters who flourished during what is known as the Danish golden age at the first half of the 19th century He found his true self and his artistic themes in his close surroundings family and friends and daily routines specialising in landscapes and portraiture **Nordic Landscape Painting in the Nineteenth Century** Torsten Gunnarsson,1998-01-01 This study identifies and analyzes the different types of landscape painting that dominated the Scandinavian countries in the 19th century The author shows how the wilderness became a symbol of Nordic strength as well as a counter image to industrialization and European urban culture Christen Købke Sanford Schwartz,1992 Biographical and critical study of Danish painter Christen Kobke Baltic Light Catherine Johnston,Helmut Borsch-Supan,Helmut R. Leppien,National Gallery of Canada,Kasper Monrad,1999-01-01 During the first half of the nineteenth century Danish and German artists studying in Paris and Rome brought back the concept of plein air painting and began to paint out of doors on their native soil They introduced a whole new aesthetic that was sensitive to the light and atmospheric conditions peculiar to the north especially during the long summer days This beautiful book focuses on the painters and paintings of this period particularly Caspar David Friedrich who produced many fine works before he developed the romantic style for which he is better known The book presents topographical landscapes panoramas and some group and individual portraits that often include a window from which light emanates Essays by eminent authorities discuss various aspects of the Danish and North German open air movement They note for example that the paintings reflect a direct view of nature devoid of the intellectual and moral overtones of the neoclassical paintings that preceded them They also discuss the fact that Schleswig Holstein was closely allied with Denmark until 1848 and this favored many Hamburg and north German artists studying at the Academy in Copenhagen where painting out of doors was encouraged In addition to the essays the book presents 108 works by twenty three artists catalogue entries for each work and a biography of each artist The Ambassador John L. Loeb Jr. Danish Art Collection Elisabeth Fabritius,2005 Color illustrated glossy wraps 426 pp 128 color plates Lists 128 works all of which are reproduced in striking color Extensive essays of the artists and paintings Publisher's website **Picturing the Romantic** Elisabeth Ansel,Johannes Grave,Christin Neubauer,Mira Claire Zadrozny,2025-09-30 European Romanticism in the visual arts has always been defined by transnational transfer processes It is surprising that international aspects of Romantic movements have been in contrast to literary studies a gap in art historical research Picturing the Romantic addresses this issue and reveals new perspectives on European Romanticism's in the visual arts by reconsidering the phenomenon's traditional canon geographical dimensions and terminology and analysing various examples of the complex and heterogeneous works of Romantic painting In fifteen original essays renowned and early career

researchers examine the question of whether to speak of several independently considered Romanticisms or one European Romanticism They adopt a transnational perspective on Romantic art in and beyond Europe focusing on the interconnections between the countries *National Art-Collections Fund Review National Art-Collections Fund (Great Britain),2002*
