Christi Passion:

, *Christliche Ethik bei Schleiermacher - Christian Ethics according to Schleiermacher* Hermann Peiter, 2010-04-09 No one is so intimately acquainted with Schleiermacher's Christian Ethics material or with the 1821-1822 first edition of his companion volume *Christian Faith* than Hermann Peiter. The present volume is a collection of Peiter's nineteen essays and thirty reviews. Extensive English summaries are offered for all this material and an English version for four of the essays. Professor Peiter's summary of this volume reads as follows: This book treats of praxis in the Christian life and of Christian responsibility for the world we have in common. The following however forms a background for these considerations: Schleiermacher reminds his Christian brethren who often deck themselves out with alien borrowed plumes from morals and metaphysics of their actual theme that of religion which he also designates as a kind or mode of faith. Like Luther he also turns against both the practical misconception that considers faith itself to be a good work and the theoretical misconception that faith is a product of thinking a theory. Whether a practitioner thinks to give thanks for one's own work or whether a theoretician hopes to find final fulfillment and justification in one's range of metaphysical ideas amounts to the same thing. Faith is the courage to be Paul Tillich. For Schleiermacher to want to have speculation thus metaphysics and praxis without religion is the nonsalutary intention of Prometheus who faintheartedly stole what he could have expected to possess in restful security. If taken seriously the gods to use that pagan expression for once are that nature to which a human being belongs. Each human being is their possession. When one steals what the gods have one steals oneself; can thank oneself for a robbery. For a gift that is stolen one cannot possibly be thankful. Only a pure gift awakens true joy. A human being has the chance to receive the gift that one is or is not in case it is stolen not from a thief but from religion. Thanks to one's birth both physical and spiritual one gains oneself and has oneself. To steal means to take away to depreciate. In contrast whoever has oneself from elsewhere is no longer extracted from oneself or from the one to whom one belongs.

Protestants and Mysticism in Reformation Europe Ronald K. Rittgers, Vincent Evener, 2019-03-25 Edited by Ronald K Rittgers and Vincent Evener. *Protestants and Mysticism in Reformation Europe* offers an expansive view of the Protestant reception of medieval mysticism from the beginnings of the Reformation through the mid-seventeenth century. Providing a foundation and impetus for future research, the chapters in this handbook cover diverse figures from across the Protestant traditions: Lutheran, Reformed, Radical. Summarizing existing research, analysing relevant sources and proposing new directions for study, each chapter is authored by a leading scholar in the field. Collectively, *Protestants and Mysticism in Reformation Europe* calls for a comprehensive reassessment of the relationship of Protestantism to its medieval past, to Roman Catholicism and to the enduring mystical element of Christianity.

westlichen Kunst Im Hinblick auf ihren kulturellen religiösen sozialen und politischen Hintergrund wurde sie aber bislang noch nie umfassend untersucht Die vorliegende interdisziplinäre Studie widmet sich genau diesem Kraftfeld Es bestimmt die Genese Bedeutung und frühe Rezeption des Grabbildes C ciliens wie auch des Stifters Kardinal Paolo Camillo Sfondrato Die Figur wirkt nicht nur im gesamten Kircheninnenraum der der Heiligen geweihten Basilika sondern strahlt in eine wegweisende frühmoderne Welt aus Zugleich reflektiert sie Zeitströmungen derart dass sie als künstlerische Summe ihrer Epoche gelten kann The reclining marble statue of the early Christian virgin martyr Cecilia completed by the Holy Year of 1600 and still in its original setting in the Roman basilica bearing the saint's name has long been recognised as a seminal work in Western art Yet its cultural religious social and political background has never been comprehensively investigated This interdisciplinary analysis explores the constellation of forces that shaped the genesis meaning and early reception of the sculpture a funeral image for both its donor Cardinal Paolo Camillo Sfondrato and Cecilia as well as its impact on the church interior and the contemporary viewer The cult image emerges as a synthesis of an epoch that is fundamental to our understanding of early modern culture

Martin Luther and the Arts Andreas Loewe, Katherine Firth, 2022-11-21 Martin Luther was the architect and engineer of the Protestant Reformation which transformed Germany five hundred years ago In Martin Luther and the Arts Andreas Loewe and Katherine Firth elucidate Luther's theory and practice demonstrating the breadth flexibility and rigour of Luther's use of the arts to reach audiences and convince them of his Reformation message using a range of strategies including music images and drama alongside sermons polemical tracts and his new translation of the Bible into German Extensively based on German and English sources including often neglected aspects of Luther's own writings Loewe and Firth offer a valuable survey for theologians historians art historians musicologists and literary studies scholars interested in interdisciplinary comparisons of Luther's work across the arts
