Eagle Against The Sun:

Eagle Against the Sun Ronald H. Spector, 2020-11-03 The best book by far on the Pacific War The New York Times Book Review this classic one volume history of World War II in the Pacific draws on declassified intelligence files British American and Japanese archival material and military memoirs to provide a stunning and complete history of the conflict This superbly readable insightful gripping Washington Post Book World contribution to WWII history combines impeccable research with electrifying detail and offers provocative interpretations of this brutal forty four month struggle Author and historian Ronald H Spector reassesses US and Japanese strategy and shows that the dual advance across the Pacific by MacArthur and Nimitz was more a pragmatic solution to bureaucratic doctrinal and public relations problems facing the Army and Navy than a strategic calculation He also argues that Japan made its fatal error not in the Midway campaign but in abandoning its offensive strategy after that defeat and allowing itself to be drawn into a war of attrition Spector skillfully takes us from top secret strategy meetings in Washington London and Tokyo to distant beaches and remote Asian jungles with battle weary GIs He reveals that the US had secret plans to wage unrestricted submarine warfare against Japan months before Pearl Harbor and shows that MacArthur and his commanders ignored important intercepts of Japanese messages that would have saved thousands of lives in Papua and Leyte Throughout Spector contends that American decisions in the Pacific War were shaped more often by the struggles between the British and the Americans and between the Army and the Navy than by strategic considerations Spector vividly recreates the major battles little known campaigns and unfamiliar events leading up to the deadliest air raid ever adding a new dimension to our understanding of the American war in the Pacific and the people and forces that determined its outcome

British and Japanese Military Leadership in the Far Eastern War, 1941-45

Brian Bond, 2012-11-12 Some sixty years after the Far Eastern War ended this innovative new collection brings together five distinguished UK based scholars and five from Japan to reappraise their respective country s leadership in the Malaya and Burma campaigns This leadership is analyzed on various levels ranging from the grand strategic to operational The Japanese contributors examine the reasons for their forces brilliant advances in 1941 42 whereas the British writers have to account for the disastrous defeat characterized by the poor leadership of senior commanders such as Bennett and Percival Between 1943 and 1945 the tables were turned dramatically so the failure of Japanese command decisions then comes under critical scrutiny and the British have to explain how defeat was transformed into victory Above all this volume should stimulate interest in different methods and styles of military leadership in view of the contrasting approaches of the British and Japanese in the Second World War

Montgomery in the Good War Wesley Phillips Newton, 2010-04-16 Wesley Phillips

Newton s *Montgomery in the Good War* offers a vivid deeply human portrait of a Southern city transformed by World War II Through personal recollections newspaper accounts letters and interviews Newton chronicles how Montgomery Alabama divided by race and class grappled with patriotism loss and social change from Pearl Harbor to Hiroshima This compelling

narrative reveals how the war reshaped everyday life for soldiers and civilians alike making it a powerful testament to the enduring impact of global conflict on local communities Eagle Against the Sun Ronald Spector,2000-03 Uniquely Okinawan Courtney A. Short,2020-03-03 Uniquely Okinawan explores how American soldiers sailors and Marines considered race ethnicity and identity in the planning and execution of the wartime occupation of Okinawa during and immediately after the Battle of Okinawa 1945 46 **Joint Force Quarterly** ,1993 Joint Force Quarterly is published for the Chairman Joint Chiefs of Staff by the Institute for National Strategic Studies National Defense University to promote understanding of the integrated employment of land sea air space and special operations forces The journal focuses on joint doctrine coalition warfare contingency planning combat operations conducted by the unified commands and joint force development

Battlefield Chaplains Donald F. Crosby,1994 Catholic chaplains shared fully in the lot of the common soldier in World War II in Pacific island jungles Europe s battered cities North African deserts and the oceans in between And like the common soldier they endured the same combat perils exposure to the elements internal conflicts boredom and intense longings for peace and home They saved lives provided comfort and hope and renewed lost faith in a dark time In this compelling account Father Donald Crosby provides an unforgettable portrait of faith under fire and grace at ground level reminding us again that there are no atheists in foxholes BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Eagle Against the Sun** Outlet,Outlet Book Company Staff,Random House Value Publishing Staff,1989-01-01 Japanese Military Strategy in the Pacific War James B Wood,2023-06-14 A historical exploration of how Japan could have implemented military tactics that would have altered how World War II ended In this provocative history James B Wood challenges the received wisdom that Japan s defeat in the Pacific was historically inevitable He argues instead that it was only when the Japanese military prematurely abandoned its original sound strategic plan to secure the resources Japan needed and establish a viable defensible perimeter for the Empire that the Allies were able to regain the initiative and lock Japanese forces into a war of attrition they were not prepared to fight Japanese Military Strategy in the Pacific War persuasively shows how Japan s army and navy had both the opportunity and the capability to have fought a different and more successful war that could have influenced the course and outcome of World War II It is therefore a study both of Japanese defeat and of what was needed to achieve a potential Japanese victory or at the very least to avoid total ruin Wood s argument does not depend on single individual historical events or dramatic accidents Instead it examines how familiar events could have become more complicated or problematic under different but nevertheless historically possible conditions due to changes in the complex interaction of strategic and operational factors over time Wood concludes that fighting a different war was well within the capacities of imperial Japan underscoring the fact that the enormous task of achieving total military victory over Japan would have been even more difficult if the Japanese had changed strategy and the Allies had not fought as skillfully as they did If Japan had traveled that alternate military road the outcome

MacArthur's Airman Thomas E. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive **Honorable Warrior** Lewis Sorley, 1998 A man of extraordinary inner strength and patriotic devotion General Harold K Johnson was a soldier's officer loved by his men and admired by his peers for his leadership courage and moral convictions Lewis Sorley's biography provides a fitting testament to this remarkable man and his dramatic rise from obscurity to become LBJ's Army Chief of Staff during the Vietnam War A native of North Dakota Johnson survived more than three grueling years as a POW under the Japanese during World War II before serving brilliantly as a field commander in the Korean War for which he was awarded the Distinguished Service Cross for extraordinary heroism The latter experiences led to a series of high level positions that culminated in his appointment as Army chief in 1964 and a cover story in Time magazine What followed should have been the most rewarding period of Johnson's military career Instead it proved to be a nightmare as he quickly became mired in the politics and ordeal of a very misguided war Johnson fundamentally disagreed with the three men LBJ Secretary of Defense Robert McNamara and General William Westmoreland running our war in Vietnam He was sharply critical of LBJ's piecemeal policy of gradual escalation and his failure to mobilize the national will or call up the reserves He was equally despondent over Westmoreland's now infamous search and destroy tactics and reliance on body counts to measure success in Vietnam By contrast he advocated greater emphasis on cutting the North's supply lines helping the South Vietnamese provide for their own internal defenses and sustaining a truly legitimate government in the South Unheeded he nevertheless continued to work behind the scenes to correct the nation's flawed approach to the war Sorley's study adds immeasurably to our understanding of the Vietnam War It also provides an inspiring account of principled leadership at a time when the American military is seeking to recover the very kinds of moral values exemplified by Harold K Johnson As such it presents a profound

morality tale for our own era Tracking the Axis Enemy Alan Harris Bath,1998 Former US naval intelligence officer Bath describes how his own area before he was in it was as responsible as Allied warships in the successful 1942 43 campaign against German U boats known as the Battle of the Atlantic He describes the cooperation at all levels in all theaters of war and at all points in the cycle from gathering through analysis to dissemination He also considers the naval intelligence in the South Pacific throughout highlighting the contributions of Britain and other Commonwealth states Annotation copyrighted by Book News Inc Portland OR **In Caesar's Shadow** Paul Chwialkowski,1993-08-18 Although considered by MacArthur as his number one fighting general Eichelberger is one of the least known of the World War II commanders Professor Chwialkowski examines General Eichelberger s background rise through the ranks and wartime experiences In the end he concludes that Eichelberger failed to achieve a widely perceived special competence among his peers that he had the bad luck to lead in secondary theaters of operations in both world wars and most importantly that his personality undermined his standing among superiors and subordinates alike As the only in depth biography of Eichelberger the volume provides new material on the campaigns at Buna Biak and the Philippines as well as fresh insights on MacArthur s handling of the Pacific theater of operations As such the volume will be of considerable value to students of World War II and American twentieth century military history **Program** Organization of American Historians,1985 The Japanese Merchant Marine in World War II Mark P.
