Drift Poems:

Drift Mary Kinzie, 2013-10-09 The world is touched and stands forth writes Mary Kinzie in this book of seductive poetic experiment In lines by turns fragmented and reflective she shatters and reassembles such curiosities as an engraving by Albrecht Durer and the portrait of a notorious suicide whose children develop a secret telepathy In one of her many powerful longer pieces she collects glittering shards from myriad versions of the Cinderella story Was the young girl running out of it because recall the blood within the shoe it hurt her Kinzie s verse moves mysteriously between folk lore and urban devastation between white magic and the concoction of mood drugs in the modern laboratory In each poem she draws our attention to the chinks of light in the dark narratives that surround us in a language animated by her sympathy and deep moral intelligence

Drift Kevin Connolly, 2005-04-01 What are we thinking at any given moment What happens to a thought as that moment on its way to oblivion collides with its successor Rambunctious witty joyous and bittersweet drift is an investigation conducted by a truly unfettered imagination In fluid sparkling cadences Kevin Connolly s poems let the mind s downtime have the stage for a change the desert sky transformed Spring Break as viewed by passing skipjacks narratives of danger and dream narrative a meditation on the business end of a sea cucumber figures of history disfigured and left to wander the consumer grid such are the entirely odd entirely current events in Connolly s world a realm that stands at an acute angle from the place we normally live in but which we all seem to drift into As one of Connolly s own high voltage sonnets states what stops the heart starts the world In drift s constant juxtaposition of abundance and loneliness we hear what it is to confront a new century having quite likely failed during the last We re reminded by a voice unlike any other on the Canadian landscape that our solitude is painful yet precious

Sea Drift Grace Ellery Channing, 1899 *Sometimes We Drift* Douglas Crotty, 2010-03-15 Written with personal insight *Sometimes We Drift* Poems of Regret Ruination and Renewal is a collection of poems in three parts thematically different in their thrust and emphasis suggesting a progression from pain to positivity on the bridge between near death of self and the resurrection of the soul Introspection into the heart and mind in an effort to become whole exposes the vulnerability of even the strongest among us As we question ourselves in love and in living we validate the conflicts many of us face over and over again in our daily lives including relationships and traumatic natural events over which we have no control Douglas Crotty allows us to see through the eyeglass of the human condition examining the very heart of emotions in our struggle for redemption in our choices and in relationships with ourselves and others Through his conversational emotional style marked by sensitivity and clear imagery he leads us to a realization of the unquestionable significance of positivity and mindfulness in ones triumph over hopelessness and the damaging realities of life *Drift (Collected Poems)* A. Drift & Pulse Kathleen Halme,2007 In *Drift and Pulse* her third book of poems Kathleen Halme is fascinated with the domain where matter is experienced as mind Drawing upon brain science anthropology and biology these poems take aim at the big questions of form and death how we sublime and die The persistent longing for shapes as elegant as instinct the rituals and fictions we invent to meet the needs of a ceaselessly revised universe animate the poems Between drift and pulse the capacity for transcendent experience is expressed as a hard wired process of human brain architecture
