Drogas Sin Fronteras:

Drogas sin fronteras / Drugs without borders, 2015 **Drogas sin fronteras** Luis Alejandro Astorga Almanza, 2003 Basado en el acervo documental en los Archivos Nacionales de Estados Unidos en College Park Maryland este libro describe la relación entre México y Estados Unidos sobre el asunto de las drogas durante el periodo que va de 1916 a 1970 El Narco Ioan Grillo, 2012-01-16 War is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades As rival cartels battle for control of a billion dollar drug trade the body count 23 000 dead in five years and sheer horror beggar the imagination of journalistic witnesses Cartel gunmen have attacked schools and rehabilitation centers and murdered the entire families of those who defy them Reformers and law enforcement officials have been gunned down within hours of taking office Headless corpses are dumped on streets to intimidate rivals and severed heads are rolled onto dancefloors as messages to would be opponents And the war is creeping northward towards the United States El Narco is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone It is a piercing portrait of a drug trade that turns ordinary men into mass murderers as well as a diagnosis of what drives the cartels and what gives them such power Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires The narco cartels are a threat to the Mexican government and their violence has now reached as far as North Carolina El Narco is required reading for anyone concerned about one of the most important news stories of the decade **Violence, Coercion, and State-Making in Twentieth-Century Mexico** Wil G. Pansters, 2012-05-30 Mexico is currently undergoing a crisis of violence and insecurity that poses serious threats to democratic transition and rule of law This is the first book to put these developments in the context of post revolutionary state making in Mexico and to show that violence in Mexico is not the result of state failure but of state making While most accounts of politics and the state in recent decades have emphasized processes of transition institutional conflict resolution and neo liberal reform this volume lays out the increasingly important role of violence and coercion by a range of state and non state armed actors Moreover by going beyond the immediate concerns of contemporary Mexico this volume pushes us to rethink longterm processes of state making and recast influential interpretations of the so called golden years of PRI rule Violence Coercion and State Making in Twentieth Century Mexico demonstrates that received wisdom has long prevented the concerted and systematic study of violence and coercion in state making not only during the last decades but throughout the post revolutionary period The Mexican state was built much more on violence and coercion than has been acknowledged until now Home Grown Isaac Campos, 2012-04-23 Historian Isaac Campos combines wide ranging archival research with the latest scholarship on the social and cultural dimensions of drug related behavior in this telling of marijuana s remarkable history in Mexico Introduced in the sixteenth century by the Spanish cannabis came to Mexico as an industrial fiber and symbol of European empire But Campos demonstrates as it gradually spread to indigenous pharmacopoeias then prisons and

soldiers barracks it took on both a Mexican name marijuana and identity as a quintessentially Mexican drug A century ago Mexicans believed that marijuana could instantly trigger madness and violence in its users and the drug was outlawed nationwide in 1920 Home Grown thus traces the deep roots of the antidrug ideology and prohibitionist policies that anchor the drug war violence that engulfs Mexico today Campos also counters the standard narrative of modern drug wars which casts global drug prohibition as a sort of informal American cultural colonization Instead he argues Mexican ideas were the foundation for notions of reefer madness in the United States This book is an indispensable guide for anyone who hopes to understand the deep and complex origins of marijuana s controversial place in North American history *MX sin fronteras* ,2006 **Droga\$ y mentira\$** Francisco Arias Fernández,2008 Este libro es parte de la colección Libro en BiblioBoard **Narcotráfico** ,2006 **Música sin fronteras** ,2006 *Sistema* ,2008 *Puente@Europa* ,2005 *Globalización y drogas* Xabier Arana,Douglas N. Husak,Sebastian Scheerer,2003 Contiene las contribuciones al taller de Oati sobre la cuestión del control internacional de las drogas peligrosas como ejemplo de un régimen global de prohibición *Government of the Shadows* Eric Michael Wilson,Eric Wilson,2009-03-15 An expose of what really goes on behind the closed doors of state power **Visión** ,1996 **Guanajuato sin fronteras** ,2003 **Conciencia Activa 21** ,2005 **SP** ,1968 **Indiana** ,2009 Contributions to ethnology and linguistics archaeology and physical anthropology of Indian America *Proceso* ,2006 *Estudios sociológicos* ,2010
