Dry Eyes To Death:

Death's Social and Material Meaning beyond the Human Jesse D. Peterson, Natashe Lemos Dekker, Philip R. Olson, 2024-01-09 Death studies typically focus on the death of humans overlooking the wider factors involved in social and natural processes around death This edited volume provides an alternative focus for death studies by looking beyond human death to reveal the complex interconnections among human and more than human creatures entities and environments Bringing together a diverse range of international scholars the book sheds light on topics which have previously remained at the margins of contemporary death studies and death care cultures Organised around three themes Knowledge and Mediation Care and Remembrance and Agency and Power this book pushes the boundaries of death studies to explore death and dying from beyond the perspective of a nature culture binary English Essays from Sir Philip Sidney to Macaulay, 1910 **The Wonderful Life, Prophecies, and Death of Mother Shipton ...
