Marion Harland

Dry Place:

Dry Place Patricia L. Price, 2004 Landscape is the space of negotiation between human beings and the physical world and rarely are the negotiations more complex and subtle than those conducted through the desert landscape along the Mexico U S border Patricia L Price views the shaping of the landscape on and around the border through various narratives that have sought to establish claims to these dry lands Most prominent are the accounts of Anglo American expansionism and Manifest Destiny juxtaposed with the Chicano nationalist tale of Aztlan in the twentieth century all constituting collective contending claims to the U S Southwest Demonstrating how stories can become vehicles for reshaping places and identities Price considers characters old and new who inhabit the contemporary borderlands between Mexico and the United States ranging from longstanding manifestations of good and evil in the figures of the Virgin of Guadalupe and the Devil to a collection of lay saints embodying current concerns Dry Place weaves together theoretical insights with field based inquiry autobiography and creative writing to arrive at a textured understanding of the bordered landscape of late modern subjectivity Patricia L Price is associate professor of geography in the Department of International Relations at Florida International University in Miami

For Those in Dry Places William Harrison Phares, 2010-08-04 Yes there is a way to experience joy in ministry again Sixteen hundred ministers are either terminated or leave the pulpit every month Alienation and isolation afflict ministers who now sojourn in spiritually dry places You might be one of the statistics wondering if you will ever be able to escape the wilderness and be useful to God again In For Those in Dry Places William Phares presents a personal and biblical understanding of how spiritual dry places occur in the lives of ministers and how to avoid them For those already there he shares the way to move back into Gods call and experience a second opportunity A seasoned pastor and evangelist Phares explores personal and biblical principles offering ways to recognize the road signs warning of approaching wilderness avoid becoming the scapegoat for congregational dysfunction find hope when experiencing the Silence of God hear Gods voice of guidance again enjoying the ministry the second time around I highly recommend For Those in Dry Places which comes to us in absolutely supreme timing Many pastors today are going through dry tough times and can hardly see light at the end of the tunnel Dr Phares addresses what to do when you are in this position how to deal with your thoughts and what to do day after day to get out of your current difficult situation and stay out Dr Mark T Barclay Mark Barclay Ministries Cornell Rural School Leaflet , 1926
