Dual Language Instruction Nancy Cloud, Fred Genesee, Else Hamayan, 2000 Dual Language Instruction A Handbook for Enriched Education provides a comprehensive theoretical framework and practical guide to implementing, evaluating, administering, and maintaining a successful dual language instruction program

Scaffolding Language Development in Immersion and Dual Language Classrooms Diane J. Tedick, Roy Lyster, 2019-11-28 This book introduces research-based pedagogical practices for supporting and enhancing language development and use in school-based immersion and dual language programs in which a second foreign heritage or indigenous language is used as the medium of subject matter instruction. Using counterbalanced instruction as the volume's pedagogical framework, the authors map out the specific pedagogical skill set and knowledge base that teachers in immersion and dual language classrooms need so their students can engage with content taught through an additional language while continuing to improve their proficiency in that language. To illustrate key concepts and effective practices, the authors draw on classroom-based research and include teacher-created examples of classroom application. The following topics are covered in detail: defining characteristics of immersion and dual language programs and features of well-implemented programs; strategies to promote language and content integration in curricular planning as well as classroom instruction and performance assessment; an instructional model to counterbalance form-focused and content-based instruction; scaffolding strategies that support students' comprehension and production while ensuring continued language development; an approach to creating cross-linguistic connections through biliteracy instruction; a self-assessment tool for teachers to reflect on their pedagogical growth. Also applicable to content and language integrated learning and other forms of content-based language teaching, this comprehensive volume includes graphics to facilitate navigation and provides Resources for Readers and Application Activities at the end of each chapter. The book will be a key resource for preservice and in-service teachers, administrators, and teacher educators.

Dual Language Bilingual Education Kathryn I. Henderson, Deborah K. Palmer, 2020-04-15 This book explores the role of the teacher in dual language bilingual education (DLBE) implementation in a time of nationwide program expansion, in large part due to new and unprecedented top-down initiatives at state and district level. The book provides case studies of DLBE teachers who a) implemented the DLBE model with fidelity, b) struggled to implement the DLBE model, and c) adapted the DLBE model to meet the needs of their local classroom context. The book demonstrates the way teachers as language policymakers navigate and interpret district-wide DLBE implementation and the tensions that surface through this process. The research conducted over four years using a variety of methods highlights the challenges and opportunities faced by teachers implementing DLBE and will be of interest to both teachers and administrators of DLBE programs as well as scholars working in bilingual education.
