Dreams Of Adventure Deeds Of Empire:

Dreams of Adventure Trisha ALEXANDER,1980 **Dreams Adv Deeds Emp** Martin Green,1979-06-21 In this brilliant and daring volume second in a three part work on the decline and fall of imperialism in the western mind Martin Green examines the great tradition of adventure tales in English literature those works which as he puts it Englishmen have for two centuries read themselves to sleep with at night From Defoe to Conrad and Kipling he shows that the questing conquest seeking imagination shaped by imperialism betrays buried obsessions with love and redemption especially in relation to the dark skinned people central to all these tales In making visible to us the richness and complexity of the works so long referred to and so often faintly disapproved of as boys books Green not only restores them to their rightful place as important literature but demonstrates how from the very first Westerners experienced a fateful doubleness of mind and heart toward their own imperial dominion Publisher *The American Elsewhere* Jimmy L. Bryan Jr.,2017-09-15 As important cultural icons of the early nineteenth century United States adventurers energized the mythologies of the West and contributed to the justifications of territorial conquest They told stories of exhilarating perils boundless landscapes and erotic encounters that elevated their chauvinism avarice and violence into forms of nobility As self proclaimed avatars of American exceptionalism Jimmy L Bryan Jr suggests in *The American Elsewhere* adventurers transformed westward expansion into a project of romantic nationalism A study of US expansionism from 1815 1848 *The American Elsewhere* delves into the adventurelogues of the era to reveal the emotional world of men who sought escape from the anonymity of the urban East and pressures of the Market Revolution As volunteers trappers traders or curiosity seekers they stepped into elsewheres distant and dangerous With their words and art they entered these unfamiliar realms that had fostered caution and apprehension and they reimagined them as regions that awakened romantic and reckless optimism In doing so Bryan shows adventurers created the figure of the remarkable American male that generated a wide appeal and encouraged a personal investment in nationhood among their audiences Bryan provides a thorough reading of a wide variety of sources including correspondence travel accounts fiction poetry artwork and material culture and finds that adventurers told stories and shaped images that beguiled a generation of Americans into believing in their own exceptionality and in their destiny to conquer the continent *The Novels of Daniel Defoe, Part I Vol 1* W R Owens,P N Furbank,G A Starr,N H Keeble,2017-09-29 Daniel Defoe is known as the father of the English novel This is the modern critical edition of Defoe s novels It brings together all three parts of *Robinson Crusoe* and examines their relationship The editorial material includes an introduction to each novel explanatory endnotes textual notes and a consolidated index in volume 10 *Manliness and Militarism* Mark Howard Moss,2001-01-01 Euphoria swept Canada and especially Ontario with the outbreak of World War I But why were people excited by the prospect of war What popular attitudes about war had become ingrained in the society This book examines the cult of manliness as it developed in Victorian and Edwardian Ontario revealing a number of factors that fed the eagerness of youth to prove their

mettle on the battlefields of Europe *Frontiers Past and Future* Carl Abbott, 2006 Abbott offers a fruitful new way to read science fiction one that also greatly enriches our understanding of western history and its impact on our collective imagination Detailing the overlap of science fiction and western fiction especially relating to their mutual interest in and concerns about frontier expansionism he reveals an unsuspected common ground that informs the writings of both camps Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials Abbott's study journeys across the far reaches of science fiction's universe **Ian McEwan's *Enduring Love*** Peter Childs, 2007-01-24 Renowned author Peter Childs explores the intricacies of Ian McEwan's haunting novel providing a guide to the wealth of contextual and critical material that surrounds it **Narration, Navigation, and Colonialism** Jamal Eddine Benhayoun, 2006 The texts collected in this book are all produced and located within the converging fields of navigation and displacement The connection between navigation and narration becomes clear when we realise that most of the authors and heroes of the accounts discussed by the author were in one way or another involved in shipping and navigation and that their accounts were produced within fluid and floating spaces and in the course of intriguing voyages and long cruises In all cases these narratives start with the narrators on board ships and end with them once again taking charge of their ships and sailing back home In this book the author argues that the seventeenth and eighteenth century English narratives of adventure and captivity were not produced within clearly demarcated territories and on dry land but within spaces of indeterminacy struggle and transition **Culture Wars in British Literature** Tracy J. Prince, 2012-09-21 The past century's culture wars that Britain has been consumed by but that few North Americans seem aware of have resulted in revised notions of Britishness and British literature Yet literary anthologies remain anchored to an archaic Anglo-English interpretation of British literature Conflicts have been played out over specific national vs British identity some residents prefer to describe themselves as being from Scotland England Wales or Northern Ireland instead of Britain in debates over immigration race ethnicity class and gender and in arguments over British literature These debates are strikingly detailed in such chapters as *The Difficulty Defining Black British* *British Jewish Writers and Xenophobia* and *the Booker Prize* Connections are also drawn between civil rights movements in the U.S. and UK This generalist cultural study is a lively read and a fascinating glimpse into Britain's changing identity as reflected in 20th and 21st century British literature **The Novels of Daniel Defoe** Daniel Defoe, 2008 **The Romance of Adventure** Brian Taves, 1993 A unique study of one of Hollywood's hallmarks the historical adventure film **The Publishers Weekly**, 1914 **Victorian Will** John Robert Reed, 1989 John R. Reed author of *Victorian Conventions* *The Natural History of H.G. Wells* and *Decadent Style* has published a new critical study examining nineteenth century British attitudes toward free will determinism providence and fate His new book *Victorian Will* argues for the need to understand a body of literature in its broadest historical and intellectual context From among a number of different possibilities Reed chose the concept of will whether understood as

part of a providential scheme as an illusory power in a determined existence or as a free agent in a world of chance to illuminate the relationship of literary works of the period Will was not only a prominent subject of discussion in Victorian England but attitudes towards will affect form style and characterization in contemporary fiction as Reed demonstrates in his discussion of the works of Mary Shelley Bulwer Lytton Dickens Thackeray George Eliot Thomas Hardy and others Victorian Will is destined to take its place beside Reed s other work as a standard reference in nineteenth century study **The Publishers' Trade List Annual** ,1980 **The New Leader** ,1982 *Journal of Narrative Theory* ,2000 Cultural studies critical theory poststructuralism feminist theory new historicism Western American Literature ,2010 Order in Paradise Susan Naramore Maher,1985 **Gender and Colonialism** Timothy P.
