Dreams Of Flightin The Beginning:

Speed and Flight in Shakespeare Matthew Steggle,2022-01-21 Shakespeare s plays are fascinated by the problems of speed and flight They are repeatedly interested in humans spirits and objects that move very fast become airborne and in some cases even travel into space In Speed and Flight in Shakespeare the first study of any kind on the subject Steggle looks at how Shakespeare s language explores ideas of speed and flight and what theatrical resources his plays use to represent these states Shakespeare has this book argues an aesthetic of speed and flight Featuring chapters on The Comedy of Errors A Midsummer Night s Dream Romeo and Juliet Henry V Macbeth and The Tempest this study opens up a new field around the historical phenomenology of early modern speed **The World of dreams** Havelock Ellis,1916 *Teach Me Dreams* Mechal Sobel,2021-04-13 One day in 1698 Robert Pyle of Pennsylvania decided to buy a black slave The next night he dreamed of a steep ladder to heaven that he felt he could not climb because he carried a black pot In the dream a man told him the ladder was the light of Jesus Christ and would bear any whose faith held strong otherwise the climber would fall Pyle woke that morning positive that he should eschew slaves and slavery having equated the pot with the slave he wished to buy In fact so acutely did this dream awaken him to his sins that he became a dynamic advocate of liberation This dream literally changed his outlook and his life Teach Me Dreams delves into the dream world of ordinary Americans and finds that as their self perception increased transforming them on a personal level so did a revolutionary spirit that wrought momentous political changes Mechal Sobel considers dreams recorded in the life narratives of 100 people revealing the America of the Revolutionary Era to have been a truly dream infused culture in which analysis of dreams was encouraged and subsequent personal reevaluation was striking Sobel uses a wealth of information letters diaries and over 200 published autobiographies from a wide range of ordinary people black white male female In these accounts many previously neglected by historians dreamers explain how their nighttime adventures opened their eyes to aspects of themselves or unveiled new paths they should take both personally and politically Such paths often led them to challenge those in power Charting the widely dreamed of opposition between blacks and whites men and women Sobel offers astounding new insights into how early Americans understood their lives Her analysis of the dreams and lives of ordinary Revolutionary Era people demonstrates links between dreaming self reevaluation and participation in the radically changing politics of the time This book will appeal to specialists in the fields of American and African American history and anyone interested in dreams and self development **Air & Space Smithsonian** ,1996 **No Place for Home** Jay Ellis,2013-11-05 This book was written to venture beyond interpretations of Cormac McCarthy s characters as simple antinomian and non psychological and of his landscapes as unrelated to the violent arcs of often orphaned and always emotionally isolated and socially detached characters As McCarthy usually eschews direct indications of psychology his landscapes allow us to infer much about their motivations The relationship of ambivalent nostalgia for domesticity to McCarthy s descriptions of space remains relatively unexamined at

book length and through less theoretical application than close reading By including McCarthy s latest book this study offer the only complete study of all nine novels Within McCarthy studies this book extends and complicates a growing interest in space and domesticity in his work The author combines a high regard for McCarthy s stylistic prowess with a provocative reading of how his own psychological habits around gender issues and family relations power books that only appear to be stories of masculine heroics expressions of misogynistic fear or antinomian rejections of civilized life *Media Review Digest* C.
