**Droll Stories Collected from the Abbeys of Touraine (Complete)** Honore de Balzac, 2020-09-28 The Archbishop of Bordeaux had added to his suite when going to the Council at Constance quite a good looking little priest of Touraine whose ways and manner of speech was so charming that he passed for a son of La Soldee and the Governor The Archbishop of Tours had willingly given him to his confrere for his journey to that town because it was usual for archbishops to make each other presents they well knowing how sharp are the itchings of theological palms Thus this young priest came to the Council and was lodged in the establishment of his prelate a man of good morals and great science Philippe de Mala as he was called resolved to behave well and worthily to serve his protector but he saw in this mysterious Council many men leading a dissolute life and yet not making less nay gaining more indulgences gold crowns and benefices than all the other virtuous and well behaved ones Now during one night dangerous to his virtue the devil whispered into his ear that he should live more luxuriously since every one sucked the breasts of our Holy Mother Church and yet they were not drained a miracle which proved beyond doubt the existence of God And the priest of Touraine did not disappoint the devil He promised to feast himself to eat his bellyful of roast meats and other German delicacies when he could do so without paying for them as he was poor As he remained quite continent in which he followed the example of the poor old archbishop who sinned no longer because he was unable to and passed for a saint he had to suffer from intolerable desires followed by fits of melancholy since there were so many sweet courtesans well developed but cold to the poor people who inhabited Constance to enlighten the understanding of the Fathers of the Council He was savage that he did not know how to make up to these gallant sirens who snubbed cardinals abbots councillors legates bishops princes and margraves just as if they have been penniless clerks And in the evening after prayers he would practice speaking to them teaching himself the breviary of love He taught himself to answer all possible questions but on the morrow if by chance he met one of the aforesaid princesses dressed out seated in a litter and escorted by her proud and well armed pages he remained open mouthed like a dog in the act of catching flies at the sight of sweet countenance that so much inflamed him The secretary of a Monseigneur a gentleman of Perigord having clearly explained to him that the Fathers procureurs and auditors of the Rota bought by certain presents not relics or indulgences but jewels and gold the favour of being familiar with the best of these pampered cats who lived under the protection of the lords of the Council the poor Touranian all simpleton and innocent as he was treasured up under his mattress the money given him by the good archbishop for writings and copying hoping one day to have enough just to see a cardinal s lady love and trusting to God for the rest He was hairless from top to toe and resembled a man about as much as a goat with a night dress on resembles a young lady but prompted by his desires he wandered in the evenings through the streets of Constance careless of his life and at the risk of having his body halberded by the soldiers he peeped at the cardinals entering the houses of their sweethearts Then he saw the wax candles lighted in the houses and suddenly the doors

and the windows closed *Droll Stories, Complete* Honore De Balzac,2015-05-11 When in March 1832 the first volume of the now famous Contes Drolatiques was published by Gosselin of Paris Balzac in a short preface written in the publisher's name replied to those attacks which he anticipated certain critics would make upon his hardy experiment He claimed for his book the protection of all those to whom literature was dear because it was a work of art and a work of art in the highest sense of the word it undoubtedly is Like Boccaccio Rabelais the Queen of Navarre Ariosto and Verville the great author of The Human Comedy has painted an epoch In the fresh and wonderful language of the Merry Vicar Of Meudon he has given us a marvellous picture of French life and manners in the sixteenth century **Droll Stories** Honore De Balzac,2003-02-25
