Drugs And Crime Deviant Pathways:

Drugs and Crime Deviant Pathways Candido Da Agra,2017-05-15 This key work exposes international studies from leading social sciences researchers who use various theoretical perspectives and methodological orientations to depict deviant drug and crime related pathways The chapters have been grouped into four sections The first section Deviance Set and Setting discusses a new basis for the understanding of deviant pathways The second section Youth Drug and Delinquency Pathways presents empirical studies which help to understand the drug crime relationship The third section discusses Adult Drug and Crime Pathways adopted by drug users flexers traders or dealers and traffickers Finally the fourth section Ways Out of deviant pathways explores approaches for controlling drug use and criminality socially or individually with or without legal intervention or formal help In short this book presents an invaluable overview of the most advanced research in the field of deviant drug and crime related pathways Drugs and Crime Deviant Pathways Cândido da Agra,Serge Brochu,Marie-Marthe Cousineau,2002 Routledge Handbook of Deviant Behavior Clifton D. Bryant,2012-04-27 The Handbook of Deviant Behavior presents a comprehensive integrative and accessible overview of the contemporary body of knowledge in the field of social deviance in the twenty first century This book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars Each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference As a whole this Handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead The inclusion of comparative and cross cultural examples and discussions relevant case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology Handbook on Crime Fiona Brookman,Mike Maguire,Harriet Pierpoint,Trevor Bennett,2010-02 This comprehensive edited volume contains analysis and explanation of the nature extent patterns and causes of over 40 different forms of crime in each case drawing attention to key contemporary debates and social and criminal justice responses Drugs and Crime Holly Johnson,2004 The objective of the Drug Use Careers of Offenders DUCO female study is to contribute to the empirical evidence about the interaction between drug use and criminal offending among incarcerated women This monograph presents findings from the DUCO female study which was based on interviews with 470 women incarcerated in Australian prisons The results demonstrate important differences in the patterns of drug use of women as compared to men **Ladies of Lost Causes** Judith Rumgay,2007 This book is unique in that it documents the radical contribution of women philanthropists and practitioners to offender rehabilitation by undertaking an evaluation of the development of a residential

programme for female offenders run by the Griffins Society The author illuminates the pathways of women into and out of serious crime explores the dynamics of rehabilitative practice in the volatile setting of residential care and also analyses the qualities of successful rehabilitative practice

Drugs, Crime, and Other Deviant Adaptations Howard B. Kaplan, 2013-06-29

This volume brings together a sample of the best of the studies that illustrate two recent trends in research on deviant behavior The first of these trends is the investigation of deviant behavior in longitudinal perspective Panels of subjects are followed over long periods of time to establish temporal relationships between deviant behavior and the antecedents and consequences of deviant behavior The second trend in contemporary research on deviance is the recognition of the association among forms of deviant behavior such as violence drug abuse and theft The recognition of the covariation among forms of deviance stimulated questions regarding the nature of the relationships among multiple forms of deviance Is one form of deviant behavior a cause or a consequence of other forms of deviant behavior What variables mediate and moderate such causal relationships Do different forms of deviant behavior have common antecedents and consequences Independent of the foregoing relationships do particular forms of deviant behavior have unique antecedents and consequences The eight original research studies that along with the introduction and overview constitute this volume are based on data drawn from among the most influential longitudinal studies in the general area of deviant behavior These studies variously consider common and pattern specific antecedents and consequences reciprocal influences and intervening and moderating variables in causal relationships among drug use crime and other forms of deviance

Understanding Drugs, Alcohol and Crime Trevor Bennett, Katy Holloway, 2005 This book provides a succinct overview of current theory and research on the links between drug and alcohol use and crime It discusses the legal and social context of drug and alcohol use and identifies current levels of consumption The book focuses on research conducted in the UK but takes into account international research when appropriate

Highs & Lows Lorraine Greaves, Nancy Poole, 2007 Women's and girls substance use is an important health economic and social issue in Canada However most books about alcohol and other drug use do not address the unique needs and circumstances of this population Highs & Lows draws on the latest theory and research to offer strategies for improving practice and developing policy to support women with substance use problems This unique book includes contributions from nearly 100 experts on women's substance use including psychiatrists psychologists social workers clinical therapists health promoters academics alternative health care providers women's health advocates and women who have personally been affected by substance use The book includes in depth chapters on the interconnection of trauma mental health and substance use problems for women pregnancy mothering and substance use innovative treatment harm reduction and prevention programs designed with women's needs in mind challenges and opportunities for improved research treatment and policy development Highs & Lows also includes snapshots of the latest in women centred research treatment and policy innovations statistics on women's substance use in Canada women's personal narratives of their experiences of

substance use problems Highs Lows is a valuable resource for program developers and administrators researchers and policy makers therapists and counsellors and educators and students It is an ideal choice as a course text on this topic Highs Lows was developed through a partnership between the British Columbia Centre of Excellence for Women's Health and the Centre for Addiction and Mental Health Current Publications in Legal and Related Fields, 2003 American Book Publishing Record, 2003 The British National Bibliography Arthur James Wells, 2003 Pathways to Criminal Violence Neil Alan Weiner, Marvin Eugene Wolfgang, 1989-02 The focus of this book is on research about correlates and causes of criminal violence and remedial responses to such violence The contributors scrutinize significant research topics such as drugs alcohol sexual violence mental disorder violence breeding violence and the effects of criminal violence on victims The editors review assess and press beyond the research and theoretical accomplishments of the last two decades in order to stimulate renewed dialogue about how to most beneficially continue or redirect research theoretical and policy efforts *Researching Theories of Crime and Deviance* Charis Elizabeth Kubrin, Thomas Dain Stucky, Marvin D. Krohn, 2009 This new book from noted criminologists Charis Kubrin Thomas Stucky and Marvin Krohn is a unique supplement for criminological theory courses graduate level research methods courses or seminars that take a close look at the development of criminological theory and or methods This book is intended to bridge the gap between theory and research in the study of crime and deviant behavior There are a number of textbooks that provide excellent summaries of criminological theories Many of these include critiques of the theories discussing the empirical evidence that has been rendered in support or not of those theories However empirical evidence is only as good as the research methods that were used to generate it Theory texts do not critically evaluate the research methods that generate the findings they cite The student therefore obtains an impression of the utility of the theory based on an uncritical assessment of the research evidence The purpose of this book is to explicitly assess the research methods that have been used to test nine theoretical perspectives of crime Specifically the authors focus on sampling measurement and analytical issues in doing theoretically directed research *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2002

Criminology Freda Adler, Gerhard O. W. Mueller, William S. Laufer, 2004 This leading text for courses in Criminology is known for its lucid style student oriented approach and its interdisciplinary global perspective The Fourth Edition further underscores this unique student centered approach by making a free student study CD Making the Grade available with every copy of the text A robust Online Learning Center featuring chapter quizzes with feedback vocabulary flashcards interactive exercises and more is also available The Adler text comes in two versions one with and the other without coverage of the criminal justice system For schools that retain the traditional criminology course which includes criminological coverage of criminal justice Criminology and the Criminal Justice System Fifth Edition is the ideal text For schools that offer a separate introductory course in criminal justice Criminology Fifth Edition is the appropriate text *Revue de droit pénal*

et de criminologie, 2006 *Le fléau de la drogue* Institut national des hautes études de sécurité (France), 2008 *Readings in Deviant Behavior* Thomas Calhoun, 2005-08 This collection of 53 readings represents the full range of deviance sociology They deal with many different theories collected via different research methodologies This new edition features 23 new articles ranging from noncriminal deviance to crimes in cyberspace The text has been applauded by readers One user writes The articles have been extremely well selected They cover classical and current issues in deviance Many are on the cutting edge the coverage of theories of deviance is outstanding because while the selections are relatively short they convey the essence of each of the perspectives **Book Review Index Cumulation** Dana Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year
