## **Keeping An Integrated Approach:**

*Integrated Approaches to Health: Concepts and Experiences in Framing, Integration and Evaluation of One Health and EcoHealth* Simon R. Rüegg, Sandra C. Buttigieg, Flavie L. Goutard, Aurélie Binot, Serge Morand, Séverine Thys, Hans Keune, 2019-10-21

Integrated approaches to health address health challenges arising from the intertwined spheres of humans, animals and ecosystems. This eBook is the product of an interdisciplinary effort to establish how One Health, EcoHealth and other integrated approaches to health are conceptualized, framed, implemented and evaluated today. It supplements the handbook for the evaluation of One Health published by the COST Action Network for Evaluation of One Health (NEOH) with in-depth reflections on the theory behind integrated approaches to health and One Health, more specifically a brief version of the NEOH evaluation framework, a supplementary evaluation approach and eight case studies in which the NEOH framework was applied. The eBook is intended for practitioners, researchers, evaluators, as well as funders of integrated approaches to health and beyond. Without the outstanding support and leadership from the management committee, this work would not have been achieved.
