Afghanistan Declassified Brian Glyn Williams, 2011-09-22 Nearly 100 000 U S soldiers were deployed to Afghanistan at the height of the campaign fighting the longest war in the nation s history But what do Americans know about the land where this conflict is taking place Many have come to have a grasp of the people history and geography of Iraq but Afghanistan remains a mystery Originally published by the U S Army to provide an overview of the country s terrain ethnic groups and history for American troops and now updated and expanded for the general public Afghanistan Declassified fills in these gaps Historian Brian Glyn Williams who has traveled to Afghanistan frequently over the past decade provides essential background to the war tracing the rise fall and reemergence of the Taliban Special sections deal with topics such as the CIA s Predator drone campaign in the Pakistani tribal zones the spread of suicide bombing from Iraq to the Afghan theater of operations and comparisons between the Soviet and U S experiences in Afghanistan To Williams a historian of Central Asia Afghanistan is not merely a theater in the war on terror It is a primeval exciting and beautiful land not only a place of danger and turmoil but also one of hospitable villagers and stunning landscapes of great cultural diversity and richness Williams brings the country to life through his own travel experiences from living with Northern Alliance Uzbek warlords to working on a major NATO base National heroes are introduced Afghanistan s varied ethnic groups are explored key battles both ancient and current are retold and this land that many see as only a frightening setting for prolonged war emerges in three dimensions

Oyster Bay & Other Short Stories Jules S. Damji, 2006-11-22 In his stunning debut of stories Jules S Damji explores the social ethos of an immigrant Asian community set in the early 1960s through to the 1970s a decade of immense political changes that marked many peoples lives in Dar es Salaam Tanzania Starting with Mango Tree a metaphor of stability which embodies a center around which a community revolves only to be seen destroyed and a way of life lost Caretaker tenderly reveals the hidden and wretched historical past of a man dedicated to service his community the nefarious characters in Middlemen are a poignant reminder of human flaws graft greed manipulation lust and power family relationships in Marxist and His Sister and A Household Divided wickedly and woefully capture the predicament universally endured by so many when an ideology is embraced to the point of fault Oyster Bay and Freedom Fighter is a cry for breaking away and a genesis of a writer and ending with Family Reunion a glimpse into the narrators desire to illuminate his fading past Sometimes with strokes of simple and lucid prose that tugs your heart other times with cool detachment and assured maturity that bucks your sensibility Mr Damji masterfully chronicles a slice of history through the tragically comic fictional characters set in Dar es Salaams residential district of Upanga a setting intimately familiar to him
