Booty Nomad:

Booty Nomad Scott Mebus, 2004-02-04 David has just dumped the girl he loved But it wasn't his fault Not really She made him do it After all she was The Eater of Souls And now she's buried in the relationship graveyard that is David's cell phone directory alongside Opera Girl Bendy Girl and Totem Pole The only problem is The Eater of Souls is still eating him up He misses everything about her Even her stubborn refusal to have sex with him because she felt like her dog was watching Then along comes The Goddess She's perfect funny attractive and most importantly single In short she's every booty nomad's fantasy she might just be The One But the Goddess is um a Goddess not so easy to catch and even harder to keep And nobody is capable of messing up the really important things in life quite like our romantically inspired hero From the pathetic paranoias of the lovelorn to the cringe worthy screwups of the love struck Booty Nomad is a wickedly funny and unexpectedly touching novel Shot through with smart dialogue and lovably mixed up characters it presents a view of modern life that will seem painfully familiar to all booty nomads out there

Guyland Michael Kimmel, 2009-10-13 One of the most eminent scholars and writers on men and masculinity and the author of the critically acclaimed *Manhood in America* turns his attention to the culture of guys aged 16 to 26 their attitudes their relationships their rules and their rituals Kimmel is our seasoned guide into a world that unless we are guys we barely know exists As he walks with us through dark territories he points out the significant and reflects on its meaning Mary Pipher Ph D author of *Reviving Ophelia* The passage from adolescence to adulthood was once clear Today growing up has become more complex and confusing as young men drift casually through college and beyond hanging out partying playing with tech toys watching sports But beneath the appearance of a simple extended boyhood a more dangerous social world has developed far away from the traditional signposts and cultural signals that once helped boys navigate their way to manhood a territory Michael Kimmel has identified as *Guyland* In mapping the troubling social world where men are now made Kimmel offers a view into the minds and times of America's sons brothers and boyfriends and he works toward redefining what it means to be a man today and tomorrow Only by understanding this world and this life stage can we enable young men to chart their own paths stay true to themselves and emerge safely from *Guyland* as responsible and fully formed male adults

The Ottoman Turks Justin McCarthy, 2014-06-06 Justin McCarthy's introductory survey traces the whole history of the Ottoman Turks from their obscure beginnings in central Asia through the establishment and rise of the Ottoman Empire to its collapse after World War One under the pressures of nationalism Vividly illustrated with many maps this introductory overview is designed for non specialists but is written with great authority and with access to original sources It fills an important gap for an authoritative but accessible account of the rise of one of the world's great civilizations
