Svensk bokförteckning ,1988 **The Small Worlds of Childhood** Lauren Shizuko Stone, 2025-05-06 *The Small Worlds of Childhood* argues that prose representations of bourgeois childhood contain surprising opportunities to reflect on the temporality of experience In their narratives of children at home in their everyday worlds Adalbert Stifter Rainer Maria Rilke and Walter Benjamin are not only able to shed a unique light on key issues in the history of philosophy They also offer a queer critique of the normative expectation that the literature of childhood is oriented toward the future Stone shows that when writers engage in philosophical storytelling showing children tarrying in quotidian experience they dislodge childhood from its nostalgic value to grown ups and the heteronormative demand to grow up Such stories of children as philosophical subjects thus take on their own lingering backwards or all together strange sense of time Stone demonstrates the necessity of recognizing how texts on childhood before and beyond Freud engage literary language in the service of a variety of philosophical attitudes reminding us how poetic techniques can tell us something extraordinary about moments of ordinary experience and the manner with which humans and especially children cognize the world By bringing canonical German language literary and philosophical traditions into conversation with current English language queer approaches Stone opens a queer counter history of German and Austrian realist and modernist literature This title is available from the publisher on an open access basis **The Abstraction of Landscape** Fundación Juan March, 2007 Inspired by the famous book by Robert Rosenblum *Modern Painting and the Northern Romantic Tradition From Friedrich to Rothko* 1975 the exhibition aims to demonstrate the pictorial aesthetic and historical cultural connection between the northern European tradition particularly early Romantic landscape painting and modern European and American abstraction It reveals a fascinating birth of abstraction out of the spirit of Romantic landscape Following in the tradition of numerous earlier exhibitions on Romanticism and landscape painting the present one departs from this argument to connect almost two centuries of art history **A Forest of Symbols** Andrei Pop, 2019-09-27 A groundbreaking reassessment of Symbolist artists and writers that investigates the concerns they shared with scientists of the period the problem of subjectivity in particular In *A Forest of Symbols* Andrei Pop presents a groundbreaking reassessment of those writers and artists in the late nineteenth century associated with the Symbolist movement For Pop symbolist denotes an art that is self conscious about its modes of making meaning and he argues that these symbolist practices which sought to provide more direct access to viewers and readers by constant revision of its material means of meaning making brushstrokes on a canvas words on a page are crucial to understanding the genesis of modern art The symbolists saw art not as a social revolution but as a revolution in sense and how to conceptualize the world The concerns of symbolist painters and poets were shared to a remarkable degree by

theoretical scientists of the period who were dissatisfied with the strict empiricism dominant in their disciplines which made shared knowledge seem unattainable The problem of subjectivity in particular of what in one s experience can and cannot be shared was crucial to the possibility of collaboration within science and to the communication of artistic innovation Pop offers close readings of the literary and visual practices of Manet and Mallarm of drawings by Ernst Mach William James and Wittgenstein of experiments with color by Bracquemond and Van Gogh and of the philosophical systems of Frege and Russell filling in a startling but coherent picture of the symbolist heritage of modernity and its consequences **Ice and Fire** Keith Grant,1994 **Arts Digest** ,1984 *"The" Athenaeum* ,1876 The Churchman ,1885 *RACAR, Revue D'art Canadienne* ,1984 *Harmsworth History of the World* Arthur Mee,1907 Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record ,1897 *Athenaeum and Literary Chronicle* ,1876 *Publishers' circular and booksellers' record* ,1897 **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1897 *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1897 **Great Thoughts from Master Minds** ,1885 *Art in America* Frank Jewett Mather,Frederic Fairchild Sherman,1980
