practice of the uncanny gives rise in his texts to endless tensions between illusion and meaning and to the competing desires for fragmentation dispersal and stability Molloy traces the movement of Borges's own writing by repeatedly spanning the boundaries of genre and cutting across the conventional separations of narrative lyric and essay fact and fiction Rather than seeking to resolve the tensions and conflicts she preserves and develops them thereby maintaining the potential of these texts to disturb At the site of these tensions Molloy locates the play between meaning and meaningless that occurs in Borges's texts From this vantage point his strategies of deception recourse to simulacra inquisitorial urge to unsettle binarism and distrust of the permanent all that makes Borges Borges are examined with unmatched skill and acuity **Film - An**

Bowles, 1994-10 The Film Anthologies Index is a bibliographical resource essential to any person or institution interested in the study of film No publication or database currently indexes the contents of these important anthologies There are over 600 anthologies by both multiple and single authors in English that have been published through 1991 These anthologies contain over 10 000 stand alone pieces that 1 reprint articles from their original source 2 select excerpts from book length publications and 3 include original essays appearing only in a specialized anthology Without The Film Anthologies Index the researcher would have no guide to the valuable contents between the covers of these anthologies Much more than just a guide to the contents of anthologies the main section consists of 6 563 numbered entries that alphabetically list by author the contents of each piece found in the anthologies You could find for example all pieces written by a particular author which have appeared in the anthologies Additionally every author entry refers the user to all the anthologized sources which contain each specific piece For example Robert Warshaw's landmark essay on Movie Chronicle The Westerner can be found in 9 different anthologies or that selected essays by Sergei Eisenstein appear in over 50 separate anthologies Without The Film Anthologies Index there would be no way to systematically locate these buried treasures The final section of The Film Anthologies Index consists of an extensive listing of all film titles individual names specific genres countries periods studios etc as well as all key words and phrases that appear in the titles of the included pieces There are approximately 7000 topics covered in this section The user friendly layout of this reference source makes it both a comprehensive resource for everyone from the casual movie goer who wants a deeper understanding of the medium to the dedicated film scholar who is pursuing material on **Borges, a Life** Edwin Williamson, 2004 Short story writer essayist and poet Jorge Luis Borges 1899 1986 revolutionized the literature of Latin America almost single handedly and left a legion of readers and admirers worldwide Based on an unprecedented range of interviews and on research into previously unknown or unavailable resources this is the first biography in any language to encompass the

entire span of Borges's life and work In Borges Edwin Williamson brings to life the little known human side of the writer his ancestral roots in Argentina his relations with family and friends his passions and despairs and the evolution of his political ideas By correlating this new biographical information with Borges's literary texts Williamson also reconstructs the dynamics of his inner world the conflicts desires and obsessions that drove the man and shaped his work This major new study finally unlocks the mysteries that have obscured the life of Borges The result is a compelling and often poignant portrait that will radically transform our views of this modern master Small Press ,1989
