Murder and Mayhem James Smallwood,Barry A. Crouch,Larry Peacock,2003 In the states of the former Confederacy Reconstruction amounted to a second Civil War one that white southerners were determined to win An important chapter in that undeclared conflict played out in northeast Texas in the Corners region where Grayson Fannin Hunt and Collin Counties converged Part of that violence came to be called the Lee Peacock Feud a struggle in which Unionists led by Lewis Peacock and former Confederates led by

Bob Lee sought to even old scores as well as to set the terms of the new South especially regarding the status of freed slaves Until recently the Lee Peacock violence has been placed squarely within the Lost Cause mythology This account sets the record straight For Bob Lee a Confederate veteran the new phase of the war began when he refused to release his slaves When Federal officials came to his farm in July to enforce emancipation he fought back and finally fled as a fugitive In the relatively short time left to his life he claimed personally to have killed at least forty people civilian and military Unionists and freedmen Peacock a dedicated leader of the Unionist efforts became his primary target and chief foe Both men eventually died at the hands of each other s supporters From previously untapped sources in the National Archives and other records the authors have tracked down the details of the Corners violence and the larger issues it reflected adding to the reinterpretation of Reconstruction history and rescuing from myth events that shaped the following century of Southern politics
