*Lost?* Anthony Carragher,2017-10-17 As Liverpool F C reach their 125th anniversary amidst the celebrations doubts persist Are they still elite Can their prolonged title drought be ended Foreign owners say they came to win but the trophy cabinet lies bare Where to next for the reds *Lost* explores the gloried past the moneyed present and the uncertain future of both Liverpool F C and the English game at large Have they lost their way Liverpool F C s most famous manager Bill Shankly declared that the club exists to win trophies and for many years this maxim proved true as Liverpool became one of the most successful clubs in European football and dominated the scene in England for over two decades Yet recently the victories

have dried up and Liverpool have not won the league title in over a quarter of a century Football is also in a state of flux as major TV deals have made the Premier league the wealthiest in the world but the gap between the elite clubs and those striving to catch up widens Has the game lost its soul Who will rise and who will fall as a new uncharted era in football unfolds Lost captures exclusive interviews with key figures including former Liverpool managers Brendan Rogers and Roy Evans the Shankly family and a whole host of footballing legends past and present The book also includes reflective pieces on an array of Premier League clubs from both a sporting and cultural perspective looking not just at the team in isolation but also at the communities and landscapes that shape them Tracing Your Black Country Ancestors Michael

Pearson,2012-10-30 The Black Country in the West Midlands is an important site for family historians Many researchers seeking to trace their ancestry back through the generations will find their trail leads through it And yet despite the burgeoning interest in genealogy and the importance of the region in so many life stories no previous book has provided a guide to the Black Country's history and to the documents and records that family historians can use in their research In this accessible and informative introduction to the subject Michael Pearson looks at the history and heritage of the region and gives a graphic insight into the world in which our ancestors lived He concentrates on the role the Black Country played during the industrial revolution when the development of mining industry and transport transformed the economic and social life of the area This was a period when living and working conditions were poor families were large children worked from an early age often in the mines and life expectancy was less than 20 And it was the era in which the Black Country took on the distinctive identity by which it is known today As well as retelling the fascinating story of the development of the Black Country the author introduces the reader to the variety of records that are available for genealogical research from legal and ecclesiastical archives birth and death certificates to the records of local government employers institutions clubs societies and schools **A Winter Baby for Gin Barrel Lane** Lindsey Hutchinson,2021-08-24
