Boston A Chronological Documentary History:

Boston: a Chronological & Documentary History, 1602-1970 George J. Lankevich, 1974 A chronology of important events in Boston's history accompanied by pertinent documents

Chronology of the American Revolution Bud Hannings, 2014-12-03 From the Battle of Lexington and Concord on 19 April 1775 up through the reduction of the victorious Continental Army to a single regiment in January 1784 this book is a day to day chronicle of the American Revolution both on the battlefield and in the halls of the Continental Congress Covered in detail are the movements of not only the Continental Army and Navy but the Marines not covered comprehensively in other sources and the militia Information on the actions of Congress highlights each day's business including the resolutions pertinent to the war Drawing on such vital primary documents as the Journals of the Continental Congress and the Diplomatic Correspondence of the American Revolution the book offers a close up view of the political and military tension of the time the perilous situation of the colonists and the concerns of the soldiers and sailors immersed in battle It also provides insight into the moves and counter moves of British and American forces as intelligence flowed in both directions to influence the course of combat All military campaigns of the revolution from Canada to Florida and Louisiana are included The result is unmatched coverage of the battles both military and legislative that gave birth to America

Irish Nationalists in Boston Damien Murray, 2018-03-16 During the first quarter of the twentieth century the intersection of support for Irish freedom and the principles of Catholic social justice transformed Irish ethnicity in Boston Prior to World War I Boston's middle class Irish nationalist leaders sought a rapprochement with local Yankees However the combined impact of the Easter 1916 Rising and the postwar campaign to free Ireland from British rule drove a wedge between leaders of the city's two main groups Irish American nationalists emboldened by the visits of Irish leader Eamon de Valera rejected both Yankees support of a postwar Anglo American alliance and the latter groups portrayal of Irish nationalism as a form of Bolshevism Instead ably assisted by Catholic Church leaders such as Cardinal William O Connell Boston's Irish nationalists portrayed an independent Ireland as the greatest bulwark against the spread of socialism As the movement's popularity spread locally it attracted the support not only of Irish immigrants but also that of native born Americans of Irish descent including businessman left leaning progressives and veterans of the women's suffrage movement For a brief period after World War I Irish American nationalism in Boston became a vehicle for the promotion of wider democratic reform Though the movement was unable to survive the disagreements surrounding the Anglo Irish Treaty of 1921 it had been a source of ethnic unity that enabled Boston's Irish community to negotiate the challenges of the postwar years including the anti socialist Red Scare and the divisions caused by the Boston Police Strike in the fall of 1919 Furthermore Boston's Irish nationalists drew heavily on Catholic Church teachings such that Irish ethnicity came to be more clearly identified with the advocacy of both cultural pluralism and the rights of immigrant and working families in Boston and America
