**Boudu Saved from Drowning** Richard Boston,2019-07-25 Boudu is one of Jean Renoir s masterpieces and features Michel Simon s performance as the disreputable tramp rescued from the river It is discussed here by Richard Boston video critic of the Guardian The book features a brief production history and detailed filmography *Boudu Sauve Des Eaux* Jean Renoir,1932 **Film, a Modern Art** Aaron Sultanik,1986 The Routledge Encyclopedia of Films Sabine Haenni,Sarah Barrow,John White,2014-09-15 The Routledge Encyclopedia of Films comprises 200 essays by leading film scholars analysing the most important influential innovative and interesting films of all time Arranged alphabetically each entry explores why each film is significant for those who study film and explores the social historical and political contexts in which the film was produced Ranging from Hollywood classics to international bestsellers to lesser known representations of national cinema this collection is deliberately broad in scope crossing decades boundaries and genres The encyclopedia thus provides an introduction to the historical range and scope of cinema produced throughout the world *Jean Renoir: A Biography* Pascal Merigeau,2017-01-03 Originally published in France in 2012 Pascal M geau s definitive biography of legendary film director Jean Renoir is a landmark work the winner of a Prix Goncourt France s top literary achievement Now available in the English language for the first time Jean Renoir A Biography is the definitive study of one of the most fascinating and creative artistic figures of the twentieth century The French filmmaker made more than forty films from the silent era to the late 60s and today he is revered by filmmakers and seen by many as one of the greatest of all time Renoir made acclaimed movies in France America India and Italy and became a writer during the last part of his life An estimated 75 percent of the book details previously unknown information about the filmmaker including Renoir s close affiliation with Communism in the 30s when he was the Party s official director and his work with the fascist regimes during World War II his previously uncredited Hollywood film *The Amazing Mrs Holiday* and new information on the making of his most famous films Drawing from unpublished or little known sources this biography is a completely fresh approach to the maker of *Grand Illusion* and *The Rules of the Game* redefining the very function of the movie director and simultaneously recounting the history of a century

**Renoir on Renoir** Jean Renoir,1989 This is a 1990 collection of interviews and essays by the legendary filmmaker Jean Renoir British Film Institute Film Classics Rob White,Edward Buscombe,2003 **Bulletin of the Art Institute of Chicago** ,1973 **How to Read a Film** James Monaco,1977 Five French Filmmakers Bert Cardullo,2008 *Five French Filmmakers* Renoir Bresson Tati Truffaut Rohmer Essays and Interviews is as its title indicates a collection of essays about followed by interviews with five of France s major movie directors from the silent period the early part of Jean Renoir s career through the New Wave and beyond even to the present in the films of Eric Rohmer Most critics would agree that these five men are among the most important if not the most important in the history of French cinema which means of course that they play a significant role in the history of world cinema as well Moreover there are echoes of Renoir s work in Francois

Truffaut's even as there are of Robert Bresson in Rohmer The great Jacques Tati himself is evidence of Bresson's dictum that the soundtrack invented silence for he made all of his comedies otherwise filled with silence during the sound period Five French Filmmakers then is the macrocosmic French cinema in microcosm And all the more so because this book is introduced by the seminal French theorist and critic Andre Bazin 1918-1958 who in 1957 wrote an essay translated here by me for the very first time titled Fifteen Years of French Cinema which serendipitously spans the period from Renoir's sound pictures all the way up to the start of the New Wave Bazin naturally talks about all the important directors in addition to Renoir Bresson Tati Truffaut and Rohmer working or starting their careers from 1942 to 1957 which is precisely why I have included his piece in indeed placed it at the start of Five French Filmmakers Hearing Voices Kristine Joelle Butler, 1998 *Jean Renoir, the French Films, 1924-1939* Alexander Sesonske, 1980 Catalog of the Library of the Museum of Modern Art: Bon Museum of Modern Art (New York, N.Y.).
