Daniel Bernardi, Michael Green, 2017-07-07 This expansive three volume set investigates racial representation in film providing an authoritative cross section of the most racially significant films actors directors and movements in American cinematic history Hollywood has always reflected current American cultural norms and ideas As such film provides a window into attitudes about race and ethnicity over the last century This comprehensive set provides information on hundreds of films chosen based on scholarly consensus of their importance regarding the subject examining aspects of race and ethnicity in American film through the historical context themes and people involved This three volume set highlights the most important films and artists of the era identifying films actors or characterizations that were considered racist were tremendously popular or hugely influential attempted to be progressive or some combination thereof Readers will not only learn basic information about each subject but also be able to contextualize it culturally historically and in terms of its reception to understand what average moviegoers thought about the subject at the time of its popularity and grasp how the subject is perceived now through the lens of history

The John Ford Encyclopedia Sue Matheson, 2019-12-02 The winner of four Academy Awards for directing John Ford is considered by many to be America's greatest native born director Ford helmed some of the most memorable films in American cinema including The Grapes of Wrath How Green Was My Valley and The Quiet Man as well as such iconic westerns as Stagecoach My Darling Clementine She Wore a Yellow Ribbon The Searchers and The Man Who Shot Liberty Valance In The John Ford Encyclopedia Sue Matheson provides readers with

detailed information about the acclaimed director's films from the silent era to the 1960s. In more than 400 entries, this volume covers not only the films Ford directed and produced but also the studios for which he worked, his preferred shooting sites, his World War II documentaries, and the men and women with whom he collaborated, including actors, screenwriters, technicians, and stuntmen. Eleven newly discovered members of the John Ford Stock Company are also included. Encompassing the entire range of the director's career from his start in early cinema to his frequent work with national treasure John Wayne, this is a comprehensive overview of one of the most highly regarded filmmakers in history. The John Ford Encyclopedia will be of interest to professors, students, and the many fans of the director's work.

From Chinese Exclusion to Guantánamo Bay Natsu Taylor Saito, 2007. Expansion of executive power has ignited national debate. Is the administration authorized to detain people without charges or access to counsel, due process, or a fair trial? In this study of the use of plenary power, the doctrine under which U.S. courts have allowed the exercise of U.S. jurisdiction without concomitant constitutional protection, attorney and law professor Natsu Taylor Saito puts contemporary policies in historical perspective, illustrating how such extensions of power have been upheld by courts since the 1880s. Saito provides context for understanding problems resulting from the exercise of plenary power. She explains how the rights of individuals and groups deemed "Other" by virtue of race or national origin have been violated under both the Constitution and international law. The differing treatment of Jos Padilla and John Walker Lindh, both Americans accused of terrorism, provide examples of such disparate treatment. Such executive actions and their sanction by Congress and the judiciary, Saito argues, undermine not just individual rights but the foundation of our national security, democracy, and the rule of law. This book will interest readers concerned with the history of constitutional protection and provides fascinating material for scholars, teachers, and students of law, history, and ethnic studies.
