Chief Left Hand Southern Arapaho:

Chief Left Hand Margaret Coel,1988-03-01 Recounts the life of the Arapaho chief diplomat and linguist describes the experiences of his tribe during the nineteenth century and clears up misconceptions about the Sand Creek massacre The Detective as Historian Ray Browne, Lawrence Kreiser,2009-03-26 Deeper understanding of history is enhanced by encasing it in art and interest Crime fiction is one of the widest and most rapidly growing forms of literature Historical crime fiction serves effectively the double purpose of entertaining while it teaches The truth of the narrative account the editors of this volume believe is dependent on the understanding of human nature reflected in the author who writes the narrative Historical crime fiction the editors of this volume write has an obligation and a golden opportunity It must bring the past up to the present through the device of timeless crime and it must take the reader into the world about which is being written so that the characters are alive and the events interesting and challenging Professional writers of fiction need to be more effective than mere authors of dates and assumed motivations Therefore they can fill in human motivations and drives where no records exist and can aid the professional historians in what historian David Thelen calls the challenge of history which is to recover the past and interpret it for the present The essays in this volume accept the challenge and make major accomplishments for meeting it

Boarding School Voices Arnold Krupat,2021-11 Boarding School Voices is both an anthology of mostly unpublished writing by former students of the Carlisle Indian Industrial School and a study of that writing The boarding schools ethnocidal practices have become a metaphor for the worst evils of colonialism a specifiable source for the ills that beset Native communities today But the fuller story is one not only of suffering and pain loss and abjection but also of ingenious agency creative syntheses and unimagined adaptations Although tragic for many students for others the Carlisle experience led to positive outcomes in their lives Some published short pieces in the Carlisle newspapers and others sent letters and photos to the school over the years Arnold Krupat transcribes selections from the letters of these former students literally and unedited emphasizing their evocative language and what they tell of themselves and their home communities and the perspectives they offer on a wider American world Their sense of themselves and their worldview provide detailed insights into what was abstractly and vaguely referred to as the Indian question These former students were the oxymoron Carlisle superintendent Richard Henry Pratt
