## **Child Care In Rural America:**

### **Rural Families Choose Home-Based Child Care for Their Preschool-Aged Children. Policy Brief Number 3**

Kristin Smith, 2006 This policy brief examines who is taking care of preschoolers of employed mothers in rural America While most rural families choose home based child care such as relatives or informal nonrelated care providers formal care such as in day care centers has positive benefits to a child s development The brief recommends that programs are needed that either make formal care more affordable and accessible in rural communities or that train home based care providers to provide quality care Contains 2 figures 1 table and 11 endnotes Child Care in Rural America Ayer Company Publishers, Incorporated, 1972 Rural America , 2000 Rural Social Work in the 21st Century Michael Daley, 2020-03-06 The second edition of this book provides a comprehensive overview of the knowledge skills values ethics and issues central to the practice of social work in small towns and rural communities with updated information and a new chapter on social economic and environmental justice The topics covered include the importance of rural social work defining rural and the rewards and challenges of rural practice It addresses rural culture behavior and language diversity and how social policy affects rural communities Later chapters discuss rural social services the history of rural social work a model for rural social work practice and ethical practice The final chapters focus on the practice of rural social work social economic and environmental justice and challenges for the future Rural social work rural social work ethics history rural culture generalist practice environmental justice *Poverty and Power* Edward Royce, 2022-06-09 Poverty is a serious problem in the United States more so than commonly imagined and more so than in other industrialized nations Most Americans adhere to an individualistic perspective they believe poverty is largely the result of people being deficient in intelligence determination education and other personal traits Poverty and Power Fourth Edition challenges this viewpoint arguing that poverty arises from the workings of four key structural systems the economic the political the cultural and the social and ten obstacles to economic justice including unaffordable housing inaccessible health care and racial and gender discrimination The author argues that a renewed war on poverty can be successful but only through a popular movement to bring about significant change in the workings of American economic political and cultural institutions New to this Edition Enhanced conversation on why the cultural theory of poverty has such a strong appeal to the American public develops students critical thinking skills Chapter 3 New segment on the influence of job seekers physical appearance on hiring decisions showing that success is not simply a matter of education skills and training Chapter 4 New data on the job availability problem explains in detail why the monthly headline unemployment number is misleading and new content on the 2021 upsurge of quits on the part of American workers portrays efforts on the part of ordinary people to improve their lives Chapter 5 New content on how corporations have become increasingly assertive political players explores the dramatic increase in corporate lobbying efforts the rise of billionaire political activists and the creation of a powerful conservative political infrastructure in the United

States Chapter 6 Greater attention to racially segregated and resource deprived Black communities covers the extraordinary hardships experienced by the residents of these areas while a new section on the geographical isolation of the affluent discusses how isolation affects wealthy people's beliefs and perceptions about poverty and what policies they deem acceptable Chapter 8
