Child Snatchers:

The Child Snatchers Bobbi Lawrence, Olivia Taylor-Young, 1983 Each year an estimated 100 000 children experience the trauma of being stolen Twenty percent of these children will never be heard from again These children are not kidnapped by strangers They are snatched by one of their divorced or separated parents Often they are taken violently sometimes they are taken at gunpoint occasionally lives are lost And always a parent is left behind struggling with a legal system that prefers to look the other way *The Child Snatchers* explores this widespread social problem a problem that crosses all boundaries in a deeply personal way with insight and compassion Part One is a true story that dramatizes the seemingly impenetrable maze the vicious act of child snatching erects Part Two is an extensive information and resource guide that shows a clearer path through this maze Back cover

The Child Snatchers Jasmin Newman, 2020-01-09 Child abduction has impacted everyone from royalty to a list movie stars It is estimated that every year at least 500 children will be abducted from Australia overseas Many more will be abducted within our shores making Australia one of the highest ranking parent child abduction hotspots in the world *The Child Snatchers* takes an investigative look at some of Australia's more notorious cases Sally Faulkner who found herself in a Beirut prison for trying to bring her children back to Australia The four Vincenti sisters brought to Australia and returned to Italy under traumatic circumstances Dorothy Lee Barnett wanted for abduction by the FBI for 20 years finally found on the Sunshine Coast Each of these stories are deeply personal highly complex and frighteningly true Were they a desperate act of protection or a despicable act of revenge *The Child Snatchers* explores the too often bitter nature of separation and divorce and our heavy reliance on the overburdened Australian Family Law system It brings you the heartfelt true accounts of left behind parents and the children they longed for Some are heart warming successful recoveries others may never see their children again All will leave you questioning everything you thought you knew

International Parental Child Abduction and the Law Geraldine Carney, 2024-06-13 Japan has faced widespread scrutiny for failing to properly address international parental child abduction involving its citizens This book examines how and why Japan has come to have this tarnished image its response and how it might manage these disputes in the future In particular the book explores how Japan engages with international legal frameworks to manage international parental child abduction and what this means in reality for Japanese people and others who come under its wide umbrella A focus of this examination is how the key international treaty the Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction has fared since being introduced in Japan in 2014 Case studies of parental child abduction involving Japan are used throughout to illustrate the legal and social concepts discussed in the book The struggles of both abducting and left behind parents across fluid international borders reveal seismic social and philosophical shifts in Japan that continue to shape its legal landscape This book will be a useful resource for students of Japanese Studies Sociological Studies Comparative Law and International Law
