Child Snatching How To Prevent It From Happening To Your Child:

Child Snatching Michael W. Schaefer, 1984 **Parental Kidnapping** Patricia M. Hoff, 1985 **Parental Kidnaping Prevention Act of 1979, S. 105** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Justice, 1980 **Child Abduction** Robert L. Snow, 2008-09-30

While most people have heard about high profile abductions such as the Elizabeth Smart case such abductions are not isolated cases The abduction of children occurs much more often in our country than most people would suspect but because of a fault in our country s national crime reporting procedures no one knows the true number This book details the scope of the child abduction problem in the United States and its very real danger It covers the different types of abductions and discusses the psychological changes that can occur in long term abducted children that will often stop them from attempting to escape or even to seek help though good opportunities may present themselves Snow also discusses the danger to secondary victims of child abduction He devotes several chapters to what both parents and the government can do to stop many of the child abductions that now occur and for those not stopped steps parents can take that will greatly assist the authorities in quickly locating and safely rescuing an abducted child He concludes with a chapter on the psychological and emotional concerns of recovered abducted children and how families can help them re integrate themselves into a normal life Real life examples are provided in every chapter It is every parent s worst nightmare Someone has abducted their child and no one including the police has a clue where the child is But worse while parents feel certain their child is terrified and crying desperately for them they don t know if their child is being physically mistreated sexually molested or worse The uncertainty and powerlessness can drive parents of abducted children to the edge of insanity But there are measures parents and children can take to avoid being the victim of abduction There are things families can do too to apprehend offenders and bring children home even after an abduction occurs Here a retired police captain offers expert advice designed to help keep children safe and to help families deal with an abduction once it has occurred Practical advice is offered throughout to families and professionals that will help all involved handle this tense and terrifying experience Featuring such prominent cases as the abductions of the Groene children in Idaho in 2005 Christopher Michael Barrios in Georgia in 2007 Zina Linnick in Washington in 2007 Mychael Darthard Dawodu in Texas in 2007 Crystal Chavez in Texas in 2002 Elizabeth Smart in Utah in 2002 the Montano children in Florida in 2003 the Walker children in Indiana in 2007 the Nunez children in California in 2002 Emily Johnson in Indiana in 2007 Ludwig Koons in New York in 1993 the Beveridge children to the United States from Australia in 2000 Erica Pratt in Pennsylvania in 2002 Clay Moore in Florida in 2007 the Hari children in Illinois in 2005 Samantha Runnion in California in 2002 Ben Ownby in Missouri in 2007 Shawn Hornbeck in Missouri in 2002 Steven Stayner in California in 1972 Natascha Kampusch in Austria in 1998 Jessica Lunsford in Florida in 2005 Carlie Brucia in Florida in 2004 Amber Hagerman in Texas in 1996 the Nguyen children in Canada in 2006 and Cecilie Finkelstein from Sweden to the United States in 1975 When Parents Kidnap Geoffrey L.

Greif, Rebecca L. Hegar, 1993 It is estimated that 350 000 children a year are abducted by a family member What happens when a child is kidnapped from home What are the emotional and psychological consequences for the child who must live in hiding for weeks months or even years How does the parent left behind cope with having no knowledge of the child s whereabouts or well being And what could lead a parent to inflict such a painful existence on his or her own child Until now little systematic research has been undertaken to find answers and the scope and consequences of parental abduction have remained largely unknown Now in *When Parents Kidnap* Geoffrey Greif and Rebecca Hegar provide the most comprehensive look yet at the problem of the abduction of children by their parents The authors capture the experiences both of the parents searching for their children and the abductors who have taken them We see vivid depictions of life on the run and learn the painful details of how children who have been in hiding for months and sometimes years cope with moving from town to town and school to school We also learn how reunion with the searching parent affects them The phenomenon of parental abduction is part of a larger social context of changes in the family Almost a quarter of U S children live with only one parent more than five million of them children of divorce and the growing prevalence of parental abductions has officials and professionals alarmed Greif and Hegar point the way to improvements in public policy by showing precisely how changes in custody divorce and other laws could help to reduce abduction of children or resolve it more quickly Identifying five common scenarios that end in abduction Greif and Hegar help the reader to understand a wide range of abduction situations and they provide specific suggestions for mental health professionals involved with families who have experienced this trauma
