Child Survivors of the Holocaust Paul Valent,2013-07-04 At the end of the Second World War approximately 1 5 million Jewish children had been killed by the Nazis In this book ten child survivors tell their stories Paul Valent himself a child survivor and psychiatrist explores with profound analytical insight the deepest memories of those survivors he interviewed Their experiences range from living in hiding to physical and sexual abuse Child Survivors of the Holocaust preserves and integrates the personal narratives and the therapist s perspective in an amazing chronicle The stories in this book contribute to questions concerning the roots of morality memory resilience and specific scientific queries of the origins of psychosomatic symptoms psychiatric illness and trans generational transmission of trauma Child Survivors of the Holocaust speaks to the trauma facing contemporary child victims of abuse worldwide through past narratives of the Holocaust

Children Who Survived the Final Solution Twenty-Six Survivors,2004-04-08 Holocaust survivors who were children during the Nazi persecution wrote this collection of memoirs Each story bubbled up spontaneously without an interviewer s guidance hence these represent the most permanent memories of their authors childhood experiences This book provides a rare vantage point to look into the diverse lives of children during the Holocaust Both professionals and adult survivors have often said The children were too young to remember They could not have been more wrong about that I was struck by the fact that the stories were not bitter they did not seek revenge I found the underlying thread in the purpose of the stories to be gifts to the world given in the hope that the stories and the anthology would contribute to other children not having to suffer such events in the future Paul Valent M D Melbourne Australia author Child Survivors of the Holocaust 1994 2002

Child Survivors of the Holocaust Beth B. Cohen,2018-03-28 2017 Wiener Library Ernst Fraenkel Prize WLEFP Finalist The majority of European Jewish children alive in 1939 were murdered during the Holocaust Of 1 5 million children only an estimated 150 000 survived In the aftermath of the Shoah efforts by American Jews brought several thousand of these child survivors to the United States In Child Survivors of the Holocaust historian Beth B Cohen weaves together survivor testimonies and archival documents to bring their story to light She reveals that even as child survivors were resettled and saved they struggled to adapt to new lives as members of adoptive families previously unknown American Jewish kin networks or their own survivor relatives Nonetheless the youngsters moved ahead As Cohen demonstrates the experiences both during and after the war shadowed their lives and relationships through adulthood yet an identity as survivors eluded them for decades Now as the last living link to the Holocaust the voices of Child Survivors are finally being heard

Interrupted Lives Amanda Friedeman,Kelley Szany,2025-03-04 In some ways Adele Barney Eric Ernie Frank Judy Magda Rodi and Ruth had little in common They were born in different European countries and came from different family backgrounds But they were all Jewish children who survived the Holocaust each in a different way from hiding with non Jews to surviving the horrors of a concentration camp They prove themselves remarkably resilient as in their own words they each

share their childhood experiences and describe how they rebuilt their lives after the end of World War II They also reflect on the principles that have guided them and on their hopes for the future Child Holocaust Survivors Robert Krell,2007-10-29

The majority of children who survived the Holocaust whether in hiding or in labour and concentration camps remained silent about their wartime experiences Those who wanted to talk were often silenced by well meaning adults who advised them to forget the past and get on with their lives The memories and traumas simmered for nearly forty years each child growing into adulthood thinking they alone struggled with the problems of traumatic memory identity confusion and other consequences In the 1980 s there was a stirring of awareness amongst some child survivors about issues to be addressed Small groups formed in the U S A and Canada and gave birth to the child survivor movement culminating in a large international gathering of Hidden Children in New York in 1991 This book comprises a compilation of talks offered to child Holocaust survivors over a 25 year period from the birth of self awareness to present day awareness of the need to inform the next generations of their parent s experiences Dasberg Krell and Wiesel are themselves child survivors Moskovitz founded the Los Angeles Child Survivor group following her pioneering study of child survivors Gilbert has written and lectured extensively about children in the Holocaust This book offers the child survivor an opportunity to reflect not only on survival but its effects For the spouses and children it clarifies some of the dynamics unique to their families and for Mental Health professionals it provides insights into the effects of trauma as well as the remarkable resilience of traumatized children *Survivors* Rebecca Clifford,2020-09-29 Shortlisted for the 2021 Wolfson History Prize and a finalist for the 2021 Cundill History Prize Told for the first time from their perspective the story of children who survived the chaos and trauma of the Holocaust named a best history book of 2020 by the Daily Telegraph Impressive beautifully written judicious and thoughtful Will be a major milestone in the history of the Holocaust and its legacy Mark Roseman author of *The Villa the Lake the Meeting* How can we make sense of our lives when we do not know where we come from This was a pressing question for the youngest survivors of the Holocaust whose prewar memories were vague or nonexistent In this beautifully written account Rebecca Clifford follows the lives of one hundred Jewish children out of the ruins of conflict through their adulthood and into old age Drawing on archives and interviews Clifford charts the experiences of these child survivors and those who cared for them as well as those who studied them such as Anna Freud *Survivors* explores the aftermath of the Holocaust in the long term and reveals how these children often branded the lucky ones had to struggle to be able to call themselves survivors at all Challenging our assumptions about trauma Clifford s powerful and surprising narrative helps us understand what it was like living after and living with childhoods marked by rupture and loss **The Children of Buchenwald** Judith Hemmendinger,Robert Krell,2000 Some of the 426 child survivors of Buchenwald tell their stories from their lives in the camp their liberation and their struggle for normalcy and emotional well being *How We Survived* , Meet the children from World War II s Europe who faced and survived the reality of Germany s decision to annihilate Judaism at its roots Experience through frightened

eyes and terrifying memories the remarkable first hand stories of survival by 52 people who lived as children through this most horrific event of the 20th century the Holocaust You will find yourself privileged to become a witness for posterity to these stories of Holocaust survival This volume of personal accounts is all the more precious because of how few children survived In Nazi occupied Europe 93% of Jewish children were murdered Every surviving child needed a helping hand a kind adult or many in order to make it Heroism comes in many guises It may require faith morality modesty love respect and sacrifice Whatever the personal ingredients relatively few stepped forward What did the children themselves contribute Their silence co operation intuition facility with languages suppression of grief and tears delay of mourning enormous losses the will to live Astonishing A child one day an adult the next There could not be even one mistake The penalty for any failure of judgment meant death The reader should note that these traumatized children did not become killers or thieves They struggled to become good citizens raise families and contribute to their communities If survival itself was a miracle so was surviving survival Each one of the stories offers an opportunity to learn from a child s experiences with prejudicial hatred and pure evil about personal fortitude and resilience about rare individuals who helped children in need and about courage the courage of the survivor to share his or her story The reader will be well rewarded *But I Live* Charlotte

Schallié,2022-04-27 An intimate co creation of three graphic novelists and four Holocaust survivors *But I Live* consists of three illustrated stories based on the experiences of each survivor during and after the Holocaust David Schaffer and his family survived in Romania due to their refusal to obey Nazi collaborators In the Netherlands brothers Nico and Rolf Kamp were separated from their parents and hidden by the Dutch resistance in thirteen different places Through the story of Emmie Arbel a child survivor of the Ravensbr ck and Bergen Belsen concentration camps we see the lifelong trauma inflicted by the Holocaust To complement these hauntingly beautiful and unforgettable visual stories *But I Live* includes historical essays an illustrated postscript from the artists and personal words from each of the survivors As we urgently approach the post witness era without living survivors of the Holocaust these illustrated stories act as a physical embodiment of memory and help to create a new archive for future readers By turning these testimonies into graphic novels *But I Live* aims to teach new generations about racism antisemitism human rights and social justice *Child Survivors of Genocide* Shirley A.

Hidden Lives Rachelle L. Goldstein,Hidden Child Foundation/ADL,2025-11-04 One and a half million Jewish children were murdered in the Holocaust The Nazis goal to eradicate the entire Jewish population in Europe included children from infants to teenagers who were targeted as part of the coordinated genocide that led to the murder of six million Jews Those children who survived were often hidden in convents orphanages haylofts forests even sewers Hidden Lives is a collection of true stories written by the youngest survivors of the Holocaust Desperation compelled parents to make the agonizing decision to leave their children with strangers or to let them fend on their own Many were too young to understand why they were being left behind often under assumed identities While the vast majority of these children were orphaned by the end of the war some were reunited with family who in many cases now seemed like strangers Their accounts are marked with fear confusion and abandonment as well as a loss of their Jewish identity These true stories are profiles of bravery of the children who survived in often terrible circumstances of the parents and families who were forced to leave them behind and of the many people including Christian families many times complete strangers who risked their lives to save them

Children in the Holocaust and its Aftermath Sharon Kangisser Cohen,Eva Fogelman,Dalia Ofer,2017-04-01 The testimonies of individuals who survived the Holocaust as children pose distinct emotional and intellectual challenges for researchers as now adult interviewees recall profound childhood experiences of suffering and persecution they also invoke

The Hidden Children Jane Marks,2015-06-17 They hid wherever they could for as long as it took the Allies to win the war Jewish children frightened alone often separated from their families For months even years they faced the constant danger of discovery fabricating new identities at a young age sacrificing their childhoods to save their lives These secret survivors have suppressed these painful memories for decades Now in The Hidden Children twenty three adult survivors share their moving wartime experiences some for the first time There is Rosa who hid in an impoverished one room farmhouse with three others sleeping on a clay pallet behind a stove Renee who posed as a Catholic and was kept in a convent by nuns who knew her secret and Richard who lived in a closet with his family for thirteen months Their personal stories of belief and determination give a voice at last to the forgotten Inspiring and life affirming The Hidden Children is an unparalleled document of witness discovery and the miracle of human courage
