particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define Into the Heart of European Poetry should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a

The Enigma of Giorgio de Chirico Margaret Crosland,1999 Giorgio de Chirico 1888 1978 was best known for his metaphysical paintings but he also wrote poems articles about art an autobiography and the first surrealist novel Even more mysterious than the paintings is the man himself secretive self centered and contradictory supercritical ironic and humorless yet creative in ways he probably hardly understood He did not share the Surrealists overt preoccupation with the erotic but was obsessed with memories of ancient mythology 19th century German philosophy metaphysics and the secrets of creativity With these obsessions he tried unconsciously to solve the problems of his own sexuality which he concealed within A loner who never formally aligned himself with the Surrealists or any other artistic movement he produced several thousand works of art with many changes of style These were praised by Guillaume Apollinaire Andre Breton Max Ernst and Paul Eluard He has remained one of the most baffling and memorable of those associated with the Surrealists

A History of Italian Art in the 20th Century Sandra Pinto,2002 The volume traces a panorama one never before observed of the last century of Italian art within a global framework choosing that is the most distanced and wide ranging perspective in order to be the most all inclusive outside Italy and outside Europe Furthermore the historical line followed is also one of the first for Italian art to take account of the postmodern revolution and to follow every step of the alternating supremacies of modernity and antimodernity in the artistic research from 1900 to 2000 It is therefore shown that Italian art sometimes presents itself as homogeneous with international avant garde and neo avant garde movements sometimes as dishomogeneous recovering a specificity drawn from its own prestigious cultural past with foundations distinct from its historical present

Early Poems, 1947-1959 Yves Bonnefoy, 1991 Translated from the French by Galway Kinnell and Richard Pevear Yves Bonnefoy is probably the most prominent figure in the generation of French poets who came into public view following World War II Dedicated to poetry more as a means of spiritual illumination than as a technique for creating artistic monuments he uses what he conceives to be the brokenness and poverty of language to enable us to glimpse a wholeness lacking in our contemporary world This excellent translation of Bonnefoy s early poems represents an enormous contribution to contemporary poetry serving as an introduction to the work of Bonnefoy for those unfamiliar with his poetry as well as further evidence of his mastery for those who know his work well *An Offering for the Dead* Hans Erich Nossack, 1992 Hans Erich Nossack s work is a link between the titans of early 20th century German fiction Mann Musil and Broch and the later generation of Boll and Grass *An Offering for the Dead* is a small hard gem set in the crown of that tradition It was raining again the narrator of this haunting novel begins He has survived some unmentionable perhaps worldwide cataclysm a biblical flood nuclear war that has stripped him of his memory and most everything else A woman s room a notebook a mirror her comb these artifacts in a void are all that remain his first clues to the past his own and the world s His errant musings reminiscent of the guilt driven wanderings of Orestes gradually piece together a history he must both remember and create in order to regain his identity and like Noah repopulate a world in which he may be the only survivor In a delicately allusive prose that resonates with overtones of man s ancient past and darkly apocalyptic warnings Nossack like Joyce and Proust before him exposes the mythical undercurrents of contemporary life Past present and future blend into an eternal return of archetypal figures whose stories transform human history into a timeless parable of creative memory and immemorial destruction Southern Humanities Review , 1989
