*The Children of Abraham* F. E. Peters,2006 **Abraham's Other Sons** Grant Bishop Williams,2009-08 This book is about the Patriarch Abraham and his extended family The people of the Jewish Muslim and Christian beliefs all know that they are the children of Abraham The people of each of these great faiths hold Abraham in extremely high regard but over time their kinship has eroded due to a number of situations and circumstances This book strives to show that all mankind has a common beginning and that mankind and those in the three great faiths not only share a great common history but that they are tied together through the acts of Abraham and his descendants including Isaac Ishmael and Keturah s six sons For it is through these men and their early descendants that we have the Jewish and Christian Isaac Muslim Ishmael and the majority of Keturah s descendants are now also Muslim Herein we provide a fleeting glimpse of mankind from Adam though his early descendants to Noah and his three sons then we focus on Noah s son Ham so that we can look at his four sons Cush the father of Ethiopia Mizraim the father of Egypt Phut the father of West Egypt and Libya and also on Canaan whose descendants originated many nations Here we also take a look at Noah and the famously alleged curse placed not on Ham but one of his sons and we try to discuss this matter from a factual rather than an emotional view In today s world there are growing tensions and mistrust between these three communities Jews Muslims and Christians but if they would take a close look at not only who they are but from where they came they might accept the fact that they are near kinsmen who have more in common than there are differences between them **Abraham's Children** Jon Entine,2007-10-24 A riveting scientific detective story crossed with a provocative and controversial re examination of the meaning of race ethnicity and religion Could our sense of who we are really turn on a sliver of DNA In our multiethnic world questions of individual identity are becoming increasingly unclear Now in *Abraham s Children* bestselling author Jon Entine vividly brings to life the

profound human implications of the Age of Genetics while illuminating one of today's most controversial topics the connection between genetics and who we are and specifically the question Who is a Jew Entine weaves a fascinating narrative using breakthroughs in genetic genealogy to reconstruct the Jewish biblical tradition of the chosen people and the hereditary Israelite priestly caste of Kohanim Synagogues in the mountains of India and China and Catholic churches with a Jewish identity in New Mexico and Colorado provide different patterns of connection within the tangled history of the Jewish diaspora Legendary accounts of the Hebrew lineage of Ethiopian tribesmen the building of Africa's Great Zimbabwe fortress and even the so called Lost Tribes are reexamined in light of advanced DNA technology Entine also reveals the shared ancestry of Israelites and Christians As people from across the world discover their Israelite roots their riveting stories unveil exciting new approaches to defining one's identity Not least Entine addresses possible connections between DNA and Jewish intelligence and the controversial notion that Jews are a race apart Abraham's Children is a compelling reinterpretation of biblical history and a challenging and exciting illustration of the promise and power of genetic research

**Children of Abraham** Michael S. Pendergast, 2012-05 It all began with Abraham and with his son Isaac and his older brother Ishmael The question in dispute today is where it all ends or should end Does history lead us to a particular descendent of Ishmael Mohammed of Mecca and the religion he founded Or does it lead instead to a descendent of Isaac Jesus of Nazareth and a competing religion Christianity Is there any hope of discovering which of the alternatives is the true path that we should embrace and follow There is For the Holy Book of one religion sets out a test consistency and then fails to pass it in a spectacular fashion The Scriptures of the other religion however sets out a different test meeting prophecy and then stuns us by flawlessly passing not only its but other book's test as well Step inside this short manuscript and we will journey through history examining the lives of Abraham Mohammed and Jesus and the religion each was intimately associated with As we do so we will make some amazing discoveries that may perhaps change forever your ideas about who Jesus and Mohammed were and what Judaism Christianity and Islam are all about

**Renaming Abraham's Children** Robert B. Foster, 2016-07-25 In this study Robert B Foster explores the intersection between the interpretation of Scripture and the construction of communal identities He argues that in Rom 9 Paul applies prophetic texts from Malachi Hosea and Isaiah to the story of Abraham's children in Genesis These interpretive maneuvers enable Paul to extrapolate from the patriarchal narratives a specific construal of election it is the ironic privilege of being simultaneously God's chosen and rejected people This understanding of election he in turn applies to Gentile Christ followers the remnant and all Israel in order to build for them an all encompassing yet differentiated Abrahamic identity for the messianic age

Mauss, 2010-10-01 All Abraham's Children is Armand L Mauss's long awaited magnum opus on the evolution of traditional

Mormon beliefs and practices concerning minorities He examines how members of the Church of Jesus Christ of Latter day Saints have defined themselves and others in terms of racial lineages Mauss describes a complex process of the broadening of these self defined lineages during the last part of the twentieth century as the modern Mormon church continued its world wide expansion through massive missionary work Mauss contends that Mormon constructions of racial identity have not necessarily affected actual behavior negatively and that in some cases Mormons have shown greater tolerance than other groups in the American mainstream Employing a broad intellectual historical analysis to identify shifts in LDS behavior over time All Abraham s Children is an important commentary on current models of Mormon historiography **Sons of Noah** Dr Desmond Mattocks,2016-12-22 One is stunned by the reflective silence of the church and its misplaced priorities Caught up with life s default attractions entertainment and wealth who will call attention to the nation s residual memory of the Creator Such is the nature this book Sons of Noah Children of Abraham In the face of these formidable threats to faith one is driven to ask are the churches today really as the German philosopher Friedrich Nietzsche inferred mere tombs and sepulchers of a demure faith The contemporary church has overdone its impersonation of the society in worship marriage music dress and diet Plaintively I say it has taken the things that are permissive to excess thereby playing with sin like a cherished violin Ghastly and repugnant is the rebellion and poignant is the message from Dr Mattocks the world is a place divided not so much by races but by unbelief and war Only in studying the Science of the Cross can the world comprehend the damage that sin has caused Thus I am particularly sensible to the need for sharing my labors in print with a wider community of people so as to encourage repentance By this people will make the obvious link between their misfortunes and their transgressions Evidently in this book I have kept the enormous proportions of life s purpose in view to the public By a sensible decision I have also chosen to look at Abraham not in similarity of the world but in stark contrast with intermittent backsliding of the society Therein we see sad and angry people which countenance pain intonate hatred and frown at Divine laws The pages of this book are crowded with reasons to make the hopeful despair and yet the hopeless will surely find hope It will comfort the discomfited and discomfort the comforted Indeed the Book shows that neither politics nor economics can coldly engineer the change that is needed to raise the nations from their moral slumber Seemingly the world is at that moral place where Generation Noah was just before the great flood hapless and sinful In this Book Sons of Noah Children of Abraham the intent is to paint a living portrait of the ways in which America even as ancient Babylon has abandoned divine counsel on its way to self destruction How Washington s significant events and personalities have shaped personal experience In music and the perverse arts how the moral philosophers are damaging our young people in which the families of America are sullied This book is different because it calls sin by its name there is no reason to camouflage the facts Further it recognizes that the only hope for our nation is when the hearts of people are turned to the Creator The nation is in sure need of a stunning moral victory because of the times in which we live *International Children's Bible* Thomas Nelson,2005-03-09 The original

Letters to the Literal Children of Abraham William Ruble, 1911 **Children of Abraham** Khalid Duran, Abdelwahab Hechiche, Arnold James Rudin, 2001. This groundbreaking book, developed with a grant from the Harriet and Robert Heilbrunn Institute for Interreligious Understanding of the American Jewish Committee, is a stepping stone to dialogue. Descended from a common ancestor, Jews and Muslims share a special relationship and practice religions that exhibit remarkable moral and theological resemblance. But most Jews know little about Islam. Professor Khalid Duran presents the majesty of Islam, its history and culture, but neither ignores nor rationalizes its more problematic aspects. His book offers an insightful and forthright treatment of the varieties of Muslim fundamentalism, Islamism, and Jihadism. It offers a candid analysis of the status of women in Muslim belief and practice, as well as an unsentimental assessment of the historical treatment of minorities in Islamic societies. A publication of the Harriet and Robert Heilbrunn Institute for International Interreligious Understanding of the American Jewish Committee.

Children of Abraham Lee Roy Martin, 2008-11. *Children of Abraham* is a survey of Jewish customs, rituals, symbols, traditions, and history. Both the pulpit and the pew have expressed an interest in our Jewish heritage. Sometimes, however, popular books and sermons are not based upon accurate information. Many Christians, even pastors, have no idea where to find Jewish sources of study, such as the Mishna, the Tosefta, the commentaries of Rashi, etc. This book will introduce you to the traditions of Judaism, and it will serve as a reference work. You may consult it for definitions of Hebrew words, for meanings of the names of God, for listings of the Jewish feasts, for the content of blessings and prayers, and for other resources.
