Children Of Immigration:

Children of Immigration Carola Suárez-Orozco, Marcelo M. Suárez-Orozco, 2002-04-30 Now in the midst of the largest wave of immigration in history America mythical land of immigrants is once again contemplating a future in which new arrivals will play a crucial role in reworking the fabric of the nation At the center of this prospect are the children of immigrants who make up one fifth of America s youth This book written by the codirectors of the largest ongoing longitudinal study of immigrant children and their families offers a clear broad interdisciplinary view of who these children are and what their future might hold For immigrant children the authors write it is the best of times and the worst These children are more likely than any previous generation of immigrants to end up in Ivy League universities or unschooled on parole or in prison Most arrive as motivated students respectful of authority and quick to learn English Yet at the same time many face huge obstacles to success such as poverty prejudice the trauma of immigration itself and exposure to the materialistic hedonistic world of their native born peers The authors vividly describe how forces within and outside the family shape these children s developing sense of identity and their ambivalent relationship with their adopted country Their book demonstrates how Americanization long an immigrant ideal has in a nation so diverse and full of contradictions become ever harder to define let alone achieve

Transitions Carola Suárez-Orozco, Mona M. Abo-Zena, Amy K. Marks, 2015-10-02 Immigration to the United States has reached historic numbers 25 percent of children under the age of eighteen have an immigrant parent and this number is projected to grow to one in three by 2050 Immigrant children and the children of immigrants face unique developmental challenges Transitions offers comprehensive coverage of the field s best scholarship on the development of immigrant children providing an overview of what the field needs to know or at least systematically begin to ask about immigrant children and adolescents from a developmental perspective From back cover

The Children of Undocumented Immigrants David M. Haugen, Susan Musser, 2013-08-08 The Migration Policy Institute released a fact sheet in 2016 stating that children born in the U S of a parent or parents who are undocumented immigrants are placed at a severe disadvantage in life This data was collected from 5.1 million children who are living with an unauthorized immigrant parent Researchers found that these children are likely not to be enrolled in preschool are likely to be held in a socioeconomic level that keeps them from developing and gaining access to resources and are likely to fail in English proficiency that is necessary to move ahead in life Place on top of that the stress that their parent might be deported at any minute These children are at risk without a doubt While U S policies on immigration and border control are hotly debated this volume makes sure that we don t forget what s really at stake the future of our young Your readers are given the full breadth of perspectives on this topic through eyewitness accounts governmental views scientific analysis and newspaper accounts Important details are pulled out from the text and presented in italicized font so that readers can track the facts and refer to them for research and report writing Most important of all by reading balanced and well researched entries students
