Border Hard:

Soft Or Hard Borders? Joan DeBardeleben, 2017-07-05 Bringing together leading European and North American experts this timely volume answers questions about the implications and management of the new external borders of the European Union following another phase of enlargement Implications of the EU's new external border especially its eastern border with Russia and Ukraine will be a key issue for the new member countries for the EU and for the new neighbouring regions The contributors address this emerging question from two perspectives They examine whether an expanded Europe will create a new dividing line in Europe between insiders and outsiders and also consider the concrete problems of border management and how the issues will be handled The book will be of particular value to those concerned with European politics and the expansion of Europe and to those with an interest in political sociology *World Congress on Medical Physics and Biomedical Engineering May 26-31, 2012, Beijing, China* Mian Long, 2013-02-11 The congress's unique structure represents the two dimensions of technology and medicine 13 themes on science and medical technologies intersect with five challenging main topics of medicine to create a maximum of synergy and integration of aspects on research development and application Each of the congress themes was chaired by two leading experts The themes address specific topics of medicine and technology that provide multiple and excellent opportunities for exchanges
