Denton, Michel Hockx, 1955-01-01 *Literary Societies in Republican China* provides a new and comprehensive perspective on the fascinating literary world of the most turbulent period in recent Chinese history the Republican era of 1911-1949 Wedged between the fall of the Empire and the founding of the Communist state the Republican period witnessed enormous social political and cultural changes Traditionally the period is seen as one of transition from the country being partially colonized and occupied to being an independent nation state from Confucianism to socialism from writing in classical Chinese to writing in the everyday vernacular Modern scholarship however has become suspicious of such attempts to analyze history including cultural history as a journey from A to B via C Instead attention has turned to the thick description of complex historical phenomena without worrying about whether or not they fit into some neat linear scheme Inevitably such scholarship benefits from collaboration and teamwork from the juxtaposition of different insights and different materials in order to gain in overall breadth *Literary Societies in Republican China* represents such teamwork and such breadth The thirteen essays by eleven scholars from North America Europe and Asia present detailed discussions of particular literary groups active on the Republican era literary scene Some of these groups are familiar representatives of what used to be considered the mainstream while others represent literary styles that have hitherto been considered

marginal or that have been ignored altogether Each of the essays in this volume looks in detail at literary societies both as producers of literary views and texts and as organizations with sometimes very complex social structures The result is a unique blend of literary cultural and social history unrivalled in any English language scholarship on China to date **Art as the Cognition of Life** Aleksandr Konstantinovich Voronskiĭ, 1998 Voronsky was an outstanding figure of post revolutionary Soviet intellectual life editor of the most important literary journal of the 1920s in the USSR and a supporter of Trotsky and the Left Opposition in the struggle against Stalinism A defender of fellow traveler writes and an opponent of the Proletarian Culture movement Voronsky was one of the authentic representatives of classical Marxism in the field of literary criticism in the twentieth century He was executed by Stalin in 1937 Following Voronsky s rehabilitation in 1957 several of his writings were published in the USSR in heavily censored form All cuts have been restored for this edition **Tales of the Wilderness** Boris Pil'niĭaĭk, 1924 **Writers at Work** Mary A.
