**Bound with an Iron Chain** Anthony Vaver, 2011 Most people know that England shipped thousands of convicts to Australia but few are aware that colonial America was the original destination for Britain's unwanted criminals In the 18th century thousands of British convicts were separated from their families chained together in the hold of a ship and carried off to America sometimes for the theft of a mere handkerchief What happened to these convicts once they arrived in America Did they prosper in an environment of unlimited opportunity or were they ostracized by the other colonists Anthony Vaver tells the stories of the petty thieves and professional criminals who were punished by being sent across the ocean to work on plantations In bringing to life this forgotten chapter in American history he challenges the way we think about immigration to early America The book also includes a helpful appendix with tips on researching individual convicts transported to America
