Ranger wants to survive the next attempt on his life he'll have to enlist Stephanie's help and reveal a bit more of his mysterious past. Death threats, highly trained assassins, highly untrained assassins, and Stark Street being overrun by a pack of feral Chihuahuas are all in a day's work for Stephanie Plum. The real challenge is dealing with her Grandma Mazur's wild bucket list. A boob job and getting revenge on Joe Morelli's Grandma Bella can barely hold a candle to what's number one on the list, but that's top secret. **BONUS** This edition includes Janet Evanovich's short story Pros and Cons One Weekend in Barcelona Christi Barth, 2024-12-11 Hudson Locke's world shattered when the band he started with his best friends fell apart. Sure he's super successful now, subbing as a drummer for huge acts, but he wants one of his own. One he can build. A place where he can belong. But he's only got one shot and one weekend in Barcelona to test out potential bandmates. Zora Rosenthal can't fail. Not again anyway. She's been in 3 bands that crashed and burned. This weekend is her last chance to join one that will actually succeed. It's vital that she impress Hudson with her incredible talent on guitar and prove that she's easy to get along with, also. The problem starts when Hudson and Zora get along too well. It'd be beyond stupid to even think about getting involved. Or kissing each other. Or admitting all the things they want to do to each other. On top of that, the third potential member is horrible. Will their band actually form before it falls apart? Will either one back out because of their connection and how badly that could go once they start working together? Or will this one weekend send Hudson and Zora down a new path together?
