Chicago Interiors:

Chicago Interiors David Lowe, 1979 **Chicago Spaces** Jan, 2011-09-19 With big names such as Nate Berkus and Alessandra Branca putting Chicago on the national design map and with lesser known but no less talented pros working their magic from the Gold Coast to the North Shore Chicago teems with beautiful homes This gorgeous coffee table book not only shows these dwellings in all their splendor but also tells the stories of how they came to be Compiled by the editors of Chicago Home Garden magazine Chicago Spaces is divided into two parts The first features homes in their entirety while the second focuses on specific rooms dining rooms living rooms bedrooms kitchens baths dens foyers and children s rooms Readers learn how these spaces came together and find tips for making changes in their own homes as well as a directory of the area s best furniture and accessories shops Chicago Spaces shows readers smart ways to turn their homes into comfortable stylish oases *Interior Design* Roderick Adams, 2020-06-09 As the globe shrinks and the concept of distance diminishes this text challenges the current status quo by identifying the cohesions and specialisations of design communities across the continents It sets out an international spatial design landscape identifying and contouring global design practice and design hotspots from a range of case studies interviews and design practice perspectives Using a range of interior environments the chapters link the origins trends and perceptions of the interior to create new insight into trans global design The book expands but also coheres the interior design discipline to ensure the subject continues to grow develop and influence the inhabitations of the world The book features a wealth of pedagogical elements including Beautifully designed with over 100 full colour illustrations photographs and examples of design work Maps and diagrams which highlight hotspots of design across the globe providing strong graphic information Interview panels featuring professional insights from designers across the globe Employability boxes providing a good tips guide for students gaining employment across the globe International Dimension boxes which strengthen the scholarship of studying interior design in a globalised way Design Oddities box which brings into focus any new or contextual facts that help contextualise the global interior **The Opulent Interiors of the Gilded Age** Arnold Lewis, James Turner, Steven McQuillin, 2016-06-23 Best source of information and illustrations for private houses in Eastern cities during the early 1880s Rare photographs of mansions belonging to Vanderbilt Morgan Grant and many others Extensive informative new text *Kem Weber* Christopher Alan Long, 2014-01-01 The first major look at the renowned industrial designer and architect who helped to shape the look of American modernism from the 1920s through the early 1950s For German born Kem Weber 1889 1963 design was not about finding a new expression it was about responding to structural economic and social requirements characteristic of our daily routine of living He sought to ensure that each design he produced whether a piece of furniture or a building or an interior was an improvement that responded to modern needs and modern life Weber was a leading figure of modernism on the West Coast from the 1920s through the early 1950s and his work greatly influenced the California style of the time His most iconic

designs were his Bentlock line the Air Line chair the interiors for the Bixby House and his tubular steel furniture for Lloyd This book a result of significant new primary research in the Weber family s archives represents the first major study of the life and career of this important designer Christopher Long details the full range of Weber s contributions focusing particularly on the part he played in the advancement of American modernism and his role in heralding a new way of making and living [Henry Ives Cobb's Chicago](#) Edward W. Wolner,2011-06-30 When championing the commercial buildings and homes that made the Windy City famous one can t help but mention the brilliant names of their architects Daniel Burnham Louis Sullivan and Frank Lloyd Wright among others But few people are aware of Henry Ives Cobb 1859 1931 the man responsible for an extraordinarily rich chapter in the city s turn of the century building boom and fewer still realize Cobb s lasting importance as a designer of the private and public institutions that continue to enrich Chicago s exceptional architectural heritage Henry Ives Cobb s Chicago is the first book about this distinguished architect and the magnificent buildings he created including the Newberry Library the Chicago Historical Society the Chicago Athletic Association the Fisheries Building for the 1893 World s Fair and the Chicago Federal Building Cobb filled a huge institutional void with his inventive Romanesque and Gothic buildings something that the other architect giants occupied largely with residential and commercial work did not do Edward W Wolner argues that these constructions and the enterprises they housed including the first buildings and master plan for the University of Chicago signaled that the city had come of age that its leaders were finally pursuing the highest ambitions in the realms of culture and intellect Assembling a cast of colorful characters from a free wheeling age gone by and including over 140 images of Cobb s most creative buildings Henry Ives Cobb s Chicago is a rare achievement a dynamic portrait of an architect whose institutional designs decisively changed the city s identity during its most critical phase of development [Arts & Decoration](#) ,1930 [Interiors](#) ,1993 [Encyclopedia of Interior Design](#) Joanna Banham,1997-05 First published in 1997 Routledge is an imprint of Taylor Francis an informa company **The Space Within** Patrick F. Cannon,2016 For the first time the interiors of some of the Chicago area s greatest buildings designed by celebrated architects are brought together and featured in truly stunning original photographs These Chicago area homes religious spaces and commercial and public structures give visual meaning to Frank Lloyd Wright s belief that the space within becomes the reality of the building Beginning with the Clarke House of 1836 and continuing to the present every type and style of building is presented Famous residences such as Wright s Robie House and Mies van der Rohe s Farnsworth House are here but so are more modest and not so modest homes by Walter Burley Griffin George Washington Maher and Paul Schweikher The ornate warmth of Adler Sullivan s Auditorium Building provides striking contrast to the modern towering underground stacks of Helmut Jahn s Mansueto Library The soaring Bah Temple by Louis Bourgeois is elegantly highlighted alongside a humble chapel in St Procopius Abbey Church by Edward Dart And commercial buildings by Daniel Burnham John Wellborn Root John Holabird Martin Roche and many more reaffirm Chicago s position as a great

business center These architects and their contemporaries have made the Chicago area a mecca for both architects and lovers of architecture from around the world Text by author Patrick F Cannon who has lived and worked in Chicago and its suburbs for more than sixty years discusses each building s architecture architect and place in history James Caulfield a noted architectural photographer leads a visual tour into both the intimate and grand interiors of the Chicago area s finest buildings Now the duo s fifth book The Space Within demonstrates that good design comes in many styles While many of these architectural masterpieces are open to the public others particularly the private homes can only be seen here
