## **Chiefs Of Defence:**

**We Need to Talk About Defence** Andrew Curtis,2024-09-19 Based on a distinguished 35 year career in the RAF as an Air Commodore Andrew R Curtis highlights what is wrong with the way defence is managed today and presents evidence based proposals to fix it Defence is failing to deliver From the ability of the Ministry of Defence MoD to develop defence policy to the single service s Royal Navy British Army and Royal Air Force RAF ability to acquire and maintain military capability and undertake military operations This is not a new problem indeed ever since the creation of the MoD in 1964 there have been tensions between the department of state and the armed forces over allocations of responsibility authority and accountability Concerned with political oversight the allocation of responsibility authority and accountability administration of people organisational structures and policies and processes Curtis compellingly demonstrates the critical need to reform the management of Defence for the UK s armed forces to fight and win in the future

**The Chiefs** Sir William Godfrey Fothergill Jackson, Lord Bramall,1992 The Chiefs of Staff play a little publicised but crucial part in the higher machinery of government At times mocked by a Press that knows they are duty bound to avoid the political arena the Chiefs vital importance is only revealed to the world in time of war and then only in part For the first time this book tells the story of the British Chiefs of Staff from the mid 19th Century up to the present day It recounts their successes and failures in managing the services through the two World Wars the Korean War Suez the withdrawal from Empire and finally the Falklands campaign The British failures of the Crimean War compared so unfavourably with the professionalism of the German General Staff in the Franco Prussian War of 1870 that the pressures of public outcry rather than any political motivation drove Prime Minister Gladstone to initiate a programme of military reform That programme finally led to the creation of the Chiefs of Staff Committee system in 1923 as the nation emerged from the toils of the First World War The system was emulated in toto by the United States in 1942 and is still the means by which the higher direction of war is exercised in both countries Revealing pen portraits are drawn of the principal personalities both military and political who have had to grapple with the controversial issues of defence throughout this war torn 20th Century With the benefit of their vast experience the authors achieve a balance between an appreciation of the individual chiefs and their often colourful personalities and the collective contribution they have made to Britain s military operations The whole provides an incisive account of contemporary British military history

[Legal Accountability and Britain's Wars 2000-2015](#) Peter Rowe,2016-04-20 This book discusses the manner in which Britain s wars which took place between 2000 and 2015 have interacted with the relevant principles of international law and English law for the purpose primarily of considering legal accountability During a debate in the House of Lords in 2005 a former Chief of the Defence Staff commented that the Armed Forces are under legal siege The book will discuss the major legal issues which have arisen ranging from the various votes in Parliament to go to war the constitutional

relationship between ministers and senior commanders the right under international law to use force the influence of human rights law the role of the courts in England including the coroners courts to the legal regime applying to the conduct of UK military operations It will assess critically whether the armed forces will now have to accept that operations conducted outside the UK are subject to greater legal scrutiny than previously and whether if this is the case it is likely to hinder their future military activities This book will be of great interest to scholars of international law the law of armed conflict military studies and international relations as well as to those with a professional or other interest in the subject matter *Brassey's Naval Annual* ,1927 *Colburn's United Service Magazine and Naval and Military Journal* ,1907 *Defense & Foreign Affairs Handbook* ,1986 *Directory of Official Information* ,1997 **Historical Listing** Australia.
