standard in the end we may have decreased our human potential and become less competitive Our system has gotten worse at its core in its philosophical tenets and in its ultimate effects by placing unwonted pressure on our youth and in stifling their creativity While this goes back decades Respect for Teachers takes its title from a phrase perhaps a codeword in President s 2011 State of the Union address and sits down to consider its implications Connecting attacks on teachers unions and schools and the misrepresentation of research to the promotion of new economic models in education it suggests that the Obama administration may be without quite realizing it setting the stage for rapid privatization of the public system As this endangers the egalitarian basis of democracy it also reminds us that schooling is big business many trillions of dollars world wide Joseph Schumpeter once said No bourgeoisie ever disliked war profits Respect operates under the premise that no bourgeoisie ever disliked the spoils of school reform either "The Children First and Always." Family Mediation in Ireland Sinéad Conneely,2017-11-22 This title was first published in 2002 After outlining the origins and development of family mediation on a world wide basis this book assesses family mediation services in the Republic of Ireland and Northern Ireland within the context of the empirical and theoretical debates surrounding the practice It is the first comprehensive study of the area in Ireland appearing at an opportune time due to the expansion of the service in the Republic and its virtual collapse in Northern Ireland It argues that the service provided in the Republic of Ireland is appreciated by clients and is successful although the issue of domestic violence remains In contrast it suggests that the absence of service provision in Northern Ireland is problematic since it undermines consumer choice **The Pacific Coast**
