## **Children Of The Danube:**

*Children of the Danube* HENRY A. FISCHER,2004-06-14 Numerous histories and studies of the Great Swabian Migration of the 18th century have been written and published and the tragic fate of many of their descendants in our own time has also been chronicled Most of these are available in languages other than English Much of that research forms the backdrop of Children of the Danube which is the authors attempt at telling the stories behind the history Personal stories that weave the tapestry of the lives of his extended family with those of the other families and individuals who joined them after venturing down the majestic sometimes turbulent Danube River taking them on a quest that is common to all people the search for the Promised Land That is what they sought in the devastated Kingdom of Hungary recently liberated after an oppressive one hundred and fifty year occupation by the Turks Leaving the Danube River behind them they would be confronted by a wilderness disease ridden swamps dense forests isolation primitive living conditions marauders and brigands They would find themselves at the mercy of greedy landowners and rapacious nobles and would have to endure the final onslaught of the Counter Reformation in their pursuit of religious freedom This is what awaited them in responding to the invitation of the Hapsburg Emperor Charles VI It was hardly what the handbills circulating throughout south western Germany had promised How they would respond who they would become as a result of it and what sustained and formed them into the Children of the Danube as a distinctive and unique people among the Danube Swabians will unfold in the telling of their tragic and yet heroic story *The Danube River | Major Rivers of the World Series Grade 4 | Children's Geography & Cultures Books* Baby Professor,2020-04-01 The Danube River is the second largest river in Europe It flows through ten countries and history has it that it once served as a frontier of the Roman Empire A river that has flowed through time would definitely carry so many lessons and memories You will learn about these tidbits of information in this book Don t forget to buy a copy today **The Danube River | Major Rivers of the World Series Grade 4 | Children's Geography & Cultures Books** Baby,2020-04-19 The Danube River is the second largest river in Europe It flows through ten countries and history has it that it once served as a frontier of the Roman Empire A river that has flowed through time would definitely carry so many lessons and memories You will learn about these tidbits of information in this book Don t forget to buy a copy today **Remember to Tell the Children** Henry A. Fischer,2007-12-04 As the 19th Century dawned the pioneering days of the Children of the Danube were now mostly behind them The new generation no longer thought of Hesse Baden and Wrttemberg when they heard their elders talk about home Home was what they experienced in their own insular village enclaves scattered throughout Swabian Turkey in southwest Hungary It was the quest for a new Heimat that had spurred their ancestors to come down the majestic Danube River almost a century before Yet three generations later their descendants still remained Strangers and Sojourners in the land It was their language faith and traditions that provided cohesion to their life together but at the same time separated them from those around them They remained outsiders and

were seen as foreigners who were resistant to every attempt at assimilation. Having established their identity in their heritage, they were forced to adapt to changing situations, constantly challenging them. This often meant venturing beyond their own communities and living alongside those who spoke another language, subscribed to a different creed, observed customs and traditions unlike theirs, and lived an accompanying different lifestyle. In response to these outside pressures, what emerged among them was a distinct society which was perceived as a desire to remain Strangers and Sojourners. But history was not on their side as the Napoleonic Wars raged across Europe and left their mark on the political and social landscape. The following archconservative reaction set the scene for the upheaval known as the Revolution of 1848 that swept across Europe, giving birth to the Hungarian War of Independence. All of this led to repercussions from which the Children of the Danube could not escape. As that history unfolds, Habsburg Emperors along with other notable historical personages will enter the story, but it will be the little-known Archduchess Maria Dorothea, wife of the Viceroy of Hungary, who would have the greatest impact on the life and future of the Children of the Danube. All of this sets the scene for the next generations who will be remembered as the Emigrants and Exiles, and their story will constitute the final volume of the trilogy *Remember To Tell The Children*. **The Children's Story of the War** Edward Parrott, 1917 [Junior Geography Kit](#) Stuart May, Paula Richardson, 2002. Emphasizes on the acquisition of skills, gathering and evaluating evidence, and drawing conclusions, and making learning fun for the young geographer. This work meets the requirements of the National Curriculum and the QCA Scheme of Work and is correlated to the Scottish 5-14 Guidelines. **DemonWars Saga Volume 2** R.A. Salvatore, 2014-06-24. As the DemonWars Saga continues, R.A. Salvatore expands his sweeping fantasy epic to include a new generation of heroes and villains. Picking up where the first three books leave off, this convenient eBook bundle contains the follow-up novel and sequel trilogy that round out the beloved series: *MORTALIS ASCENDANCE*, *TRANSCENDENCE*, and *IMMORTALIS*. The long struggle is over at last. The demon is no more, its dark sorceries shattered by the gemstone magic wielded by the woman known as Pony. But victory did not come easily. Many lives were lost, including Pony's lover, the elf-trained ranger Elbryan Wyndon, and their son. And despite the demon's demise, the kingdom still seethes in a cauldron of plots and machinations. When a deadly sickness suddenly appears among the people of Corona, Pony must undertake a pilgrimage that will test her powers and her faith as never before. But unknown to Pony, her child never died. Instead, he is secretly raised to be a weapon. Stolen away by the queen of the elves, the headstrong Aydrion shows great promise in the arts of combat, and he is as powerful with the gemstone magic as Pony. Hungry for power, Aydrion soon joins forces with his own mother's mortal enemy, setting himself on a collision course with destiny. Praise for the DemonWars Saga: An enthralling epic adventure story, it introduces memorable characters and an intricate scheme of magic; the readers won't soon forget Terry Brooks on *The Demon Awakens*. Fischer,2006-07-12 The Children of the Danube were on the move again They were the descendants of the settlers who had joined the trek down the Danube River in the Great Swabian Migration from Germany to the Kingdom of Hungary in the early 18thcentury Perhaps like their forebears adventure may have been the driving force for some of them while desperation drove others as they sought to make a life for themselves and their families They were faced with limited options if they remained in their original settlements whereland was running out restrictions against the Lutherans and Reformed were becoming more intolerable and the increasing and often unjust demands of the nobles made it more and more difficult to provide for their families The Pioneerstells this story through the lives and loves of three generations of the Tefner family in the unfolding story of Drnberg where their lives intersected with the families who would eventually become part of the

authors extended family and which they shared with all the others who were part of their life together They found themselves isolated confronted by a wilderness and created an economic miracle Destructive fires and raging floods famine and drought bandit raids and epidemics tested them but did not overcome their indomitable will which was sustained by their faith A faith that was outlawed but continued underground unabated until the Edict of Toleration granted them freedom of conscience Nor would they simply cower before the injustices inflicted upon them by the nobles and authorities without protest Their lives were lived within the broader scope of the history of their times that played a vital role in their development destiny and character Emperor Joseph II the Bishop of Veszprém Martin Bir von Padny Anton von Kaunitz Count Styrum Limberg the Empress Maria Theresia the three Counts von Mercy and countless other notable personages all make their appearance and leave their mark on *The Pioneers* Parliamentary Papers Great Britain.
