Children Of The Light

Alexander Maclaren

Children Of The Light:

Children of the Light Bryan James, Kevin James, Katherine James, 2004 Children of the Light tells the story of a family's discovery of their spiritual destiny to bring healing energy to a desperate world Every day their experiences are life altering While one child entertains guests from the other side the other travels through swirling time portals that go back in time even to the dinosaurs Angels appear with crowns and blazing swords and in one instance as a musical ensemble Miraculous healings occur on a regular basis and coded messages are sent daily to alter their spiritual DNA This book will appeal across a wide spectrum of the spiritually curious Many thousands experience d j vu synchronicity or an unexplainable spiritual yearning but most are uncertain how to respond And millions more are disillusioned and fed up with the contradictions hypocrisy and scandal of organized religion Children of the Light will provide them with a desirable outlet to fulfill their spiritual needs Perhaps most amazing of all is the phenomenon of the Indigo children who some believe represent 90% of all children under 12 years of age These children and their parents will experience considerable life change after reading this book

THE ZOHRI Children of the Veil, Keepers of the Light Mars Algiros, 2025-06-17 A Journey into the Hidden Powers Sacred Signs and Ancient Souls Who Walk Between Worlds In Japan they are called Kannushi or Kamigakari silent vessels of the divine In India they are the Siddha born under cosmic signs and destined for deeper paths In Mexico the shamans know them as Nagual those who walk through dreams without sleeping speaking to winds animals and spirits alike Among the Yoruba they resemble the Orisha touched vessels of ancestral energy Among Native American tribes they echo the Heyoka the lightning blooded born reversed living mirrors of the unseen But in North Africa they are known simply as Zohri Marked at birth by strange signs a line splitting the palm mirror like eyes a star shaped crown of hair the Zohri are not like others They are not just human They are born between worlds Some say they come when the veil is thinnest Others whisper they are never truly born at all only revealed Legends across cultures agree these individuals are rare gifted and dangerous to the order of things They are sensitive to energies no one else feels They dream of places they've never seen and wake with knowledge they were never taught They find things that were never meant to be found They hear the silence behind reality and sometimes it speaks back Some call them soul walkers Others call them cursed But the Zohri are not easily defined This book is not fiction It is a revelation The Zohri pulls back the veil on an ancient mystery one that touches folklore metaphysics spiritual psychology and real world experience Through personal testimony cultural legend and unseen truths the author himself a Zohri explores How Zohri are marked at birth through signs visions and sacred bloodlines The connection between Zohri jinn dreams and parallel spiritual dimensions How they absorb energy suffer spiritual attacks and undergo awakenings or breakdowns Why they attract both healers and predators prophets and shadow forces What roles they play in the hidden architecture of fate prophecy and spiritual warfare How sacred nights like Laylat al Qadr solstices and eclipses affect them Why some thrive in their gift and others fall into madness or exile Whether you're a seeker a skeptic or someone who's felt

different your entire life The Zohri will challenge what you think you know about destiny energy and the invisible layers of existence This is not mythology This is not fantasy This is the path of the Zohri and perhaps your path too
