Gospel Tangents Interview

1838 Mormon War In Missouri:

The 1838 Mormon War in Missouri Stephen C. LeSueur, 1987 In the summer and fall of 1838 animosity between Mormons and their neighbors in western Missouri erupted into an armed conflict known as the Mormon War The conflict continued until early November when the outnumbered Mormons surrendered and agreed to leave the state In this major new interpretation of those events LeSueur argues that while a number of prejudices and fears stimulated the opposition of Missourians to their Mormon neighbors Mormon militancy contributed greatly to the animosity between them Prejudice and poor judgment characterized leaders on both sides of the struggle In addition LeSueur views the conflict as an expression of attitudes and beliefs that have fostered a vigilante tradition in the United States The willingness of both Missourians and Mormons to adopt extralegal measures to protect and enforce community values led to the breakdown of civil control and to open warfare in northwestern Missouri

Understanding the Mormon War of 1838 Tabitha Merkle, 2016 For my thesis I decided to do a literature review about the 1838 Mormon War in Missouri The Mormons started settling in Missouri in 1831 because Joseph Smith told his followers that Jackson County was set aside as the place where they would establish Zion Almost right away there were conflicts between the Missourians and the Mormons The Missourians were suspicious of the Mormons and their beliefs because the Mormons had told Missourians that God was going to take the land away from the Missourians and give the land to the Mormons As a result of these suspicions the Mormons were driven out of Jackson County in 1833 by Missouri residents and later from other counties in Missouri as well They petitioned the Missouri government for help to get their property back but received very little help In 1836 Caldwell County was set up by the Missouri legislature for the Mormons to settle In the early part of 1838 Mormons started to settle outside of Caldwell which once again upset some Missourians so conflict broke out As the year went on there were a number of armed conflicts between Mormons and Missourians Both sides had vigilante groups who plundered and destroyed property At times the state militia was involved as well but they were not able to do much to end the conflict In October 1838 Governor Boggs issued an extermination order against the Mormons According to the order Mormons were to be driven from Missouri or be killed In November 1838 the Mormons surrendered and were forced to leave the state The Mormons fled to Illinois in 1839

The Mormon War Brandon G. Kinney, 2011 In 1831 Joseph Smith Jr the founder of the Church of Jesus Christ of Latter Day Saints revealed that Zion or New Jerusalem was to be established in rural Jackson County Missouri Smith sent followers from his community in Kirtland Ohio to begin the settlement but they were soon expelled by locals who were suspicious of their new religion and abolitionist sympathies Seven years later in January 1838 Smith fled to Missouri from Ohio to avoid a warrant for his arrest and joined other Mormons in Far West Caldwell County which became the new Zion The same prejudices recurred and the Mormons found themselves subject to attacks from non Mormons including attempts to prevent them from voting Smith decided that it was now necessary for Mormons to defend themselves which resulted in a short and sharp conflict

known as the Mormon War A covert Mormon paramilitary unit the Danites was formed both to police the church's members and to exact revenge on non Mormons After the Missouri state militia was attacked at the Crooked River and angry rhetoric rose from both sides Missouri governor Lilburn Boggs issued Executive Order No 44 which called for Mormons to be exterminated or driven from the State Non Mormons responded by attacking a Mormon settlement at Haun's Mill killing men and boys and firing on the women Following this massacre the state militia surrounded Far West and arrested Smith and other Mormon leaders Smith was charged with treason but was allowed to go and join the rest of his followers who were expelled from Missouri to Illinois where they founded their next major settlement Nauvoo There Smith would be murdered and his church would split into several factions with Brigham Young leading the movement's largest group to Utah Jacket

A Call to Arms Alexander L. Baugh, 2000 [The 1838 Mormon War in Missouri](#) Stephen C. LeSueur, 1987 In the summer and fall of 1838 animosity between Mormons and their neighbors in western Missouri erupted into an armed conflict known as the Mormon War The conflict continued until early November when the outnumbered Mormons surrendered and agreed to leave the state In this major new interpretation of those events LeSueur argues that while a number of prejudices and fears stimulated the opposition of Missourians to their Mormon neighbors Mormon militancy contributed greatly to the animosity between them Prejudice and poor judgment characterized leaders on both sides of the struggle In addition LeSueur views the conflict as an expression of attitudes and beliefs that have fostered a vigilante tradition in the United States The willingness of both Missourians and Mormons to adopt extralegal measures to protect and enforce community values led to the breakdown of civil control and to open warfare in northwestern Missouri Publishers website **Casus Belli** James H. Jenkins, 2014-05-09 On 27 October 1838 Missouri governor Lilburn Boggs ordered his militia to exterminate members of the Church of Jesus Christ of Latter Day Saints commonly known as Mormons or drive them from the state This culmination came as the culmination of a three month conflict known simply as the Mormon War How did the Mormons known today for their missionaries and world famous choir become victims of such a draconian directive Author Jim Jenkins explores ten basic causes of the conflict seeking to uncover the reasons behind one of the most heinous decrees ever issued by an American executive **Stephen LeSueur on 1838 Mormon-Missouri War** Gospel Tangents Interview, 2022-06-16 I'm excited to talk to historian Stephen LeSueur He's written an amazing book called *The 1838 Mormon War in Missouri* We're going to talk more about it It won the Best Book Award from the John Whitmer Historical Association It's a little bit of an old book published back in 1987 We're going to get more acquainted with Steve and learn more of his views of the 1838 Mormon War in Missouri Check out our conversation **The Missouri Mormon Experience** Thomas M. Spencer, 2010-03-05 The Mormon presence in nineteenth century Missouri was uneasy at best and at times flared into violence fed by misunderstanding and suspicion By the end of 1838 blood was shed and Governor Lilburn Boggs ordered that Mormons were to be exterminated or driven from the state The Missouri persecutions greatly shaped Mormon faith and culture this book

reexamines Mormon Missourian history within the sociocultural context of its time. The contributors to this volume unearth the challenges and assumptions on both sides of the conflict as well as the cultural baggage that dictated how their actions and responses played on each other. Shortly after Joseph Smith proclaimed Jackson County the site of the New Jerusalem, Mormon settlers began moving to western Missouri, and by 1833 they made up a third of the county's population. Mormons and Missourians did not mix well. The new settlers were relocated to Caldwell County, but tensions still escalated, leading to the three-month Mormon War in 1838, capped by the Haun's Mill Massacre, now a seminal event in Mormon history. These nine essays explain why Missouri had an important place in the theology of 1830s Mormonism and was envisioned as the site of a grand temple. The essays also look at interpretations of the massacre, the response of Columbia's more moderate citizens to imprisoned church leaders suggesting that the conflict could have been avoided if Smith had instead chosen Columbia as his new Zion, and Mormon migration through the state over the thirty years following their expulsion. Although few Missourians today are aware of this history, many Mormons continue to be suspicious of the state despite the eventual rescinding of Governor Boggs's order. By depicting the Missouri Mormon conflict as the result of a particularly volatile blend of cultural and social causes, this book takes a step toward understanding the motivations behind the conflict and sheds new light on the state of religious tolerance in frontier America.

Fire and Sword Leland H. Gentry, Todd M.

Compton, 2009-10-01 Many Mormon dreams flourished in Missouri. So did many Mormon nightmares. The Missouri period, especially from the summer of 1838 when Joseph took over vigorous personal direction of this new Zion until the spring of 1839 when he escaped after five months of imprisonment, represents a moment of intense crisis in Mormon history. Representing the greatest extremes of devotion and violence, commitment and intolerance, physical suffering and terror, mobbing, battles, massacres, and political knockdowns, it shadowed the Mormon psyche for a century. Leland Gentry was the first to step beyond this disturbing period as a one-sided symbol of religious persecution and move toward understanding it with careful documentation and evenhanded analysis. In *Fire and Sword*, Todd Compton collaborates with Gentry to update this foundational work with four decades of new scholarship, more insightful critical theory, and the wealth of resources that have become electronically available in the last few years. Compton gives full credit to Leland Gentry's extraordinary achievement, particularly in documenting the existence of Danites and in attempting to tell the Missourians' side of the story, but he also goes far beyond it, gracefully drawing into the dialogue signal interpretations written since Gentry and introducing the raw urgency of personal writings, eyewitness journalists, and bemused politicians seesawing between human compassion and partisan harshness. In the lush Missouri landscape of the Mormon imagination, where Adam and Eve had walked out of the garden and where Adam would return to preside over his posterity, the towering religious creativity of Joseph Smith and clash of religious stereotypes created a swift and traumatic frontier drama that changed the Church.

Massacre at Mountain Meadows Ronald W. Walker, Richard E. Turley, Glen M. Leonard, 2011-02-09 On September 11

1857 a band of Mormon militia under a flag of truce lured unarmed members of a party of emigrants from their fortified encampment and with their Paiute allies killed them More than 120 men women and children perished in the slaughter Massacre at Mountain Meadows offers the most thoroughly researched account of the massacre ever written Drawn from documents previously not available to scholars and a careful re reading of traditional sources this gripping narrative offers fascinating new insight into why Mormons settlers in isolated southern Utah deceived the emigrant party with a promise of safety and then killed the adults and all but seventeen of the youngest children The book sheds light on factors contributing to the tragic event including the war hysteria that overcame the Mormons after President James Buchanan dispatched federal troops to Utah Territory to put down a supposed rebellion the suspicion and conflicts that polarized the perpetrators and victims and the reminders of attacks on Mormons in earlier settlements in Missouri and Illinois It also analyzes the influence of Brigham Young s rhetoric and military strategy during the infamous Utah War and the role of local Mormon militia leaders in enticing Paiute Indians to join in the attack Throughout the book the authors paint finely drawn portraits of the key players in the drama their backgrounds personalities and roles in the unfolding story of misunderstanding misinformation indecision and personal vendettas The Mountain Meadows Massacre stands as one of the darkest events in Mormon history Neither a whitewash nor an expos Massacre at Mountain Meadows provides the clearest and most accurate account of a key event in American religious history [Joseph Smith for President](#) Spencer W. McBride,2021-04-13 Though Joseph Smith s run for president is now best remembered for ending in his assassination the renegade campaign was historic in the proposals it put forward He called for a total abolition of slavery the closure of the country s penitentiaries and the reestablishment of a national bank to stabilize the economy But most important was Smith s call for an expansion of protections for religious minorities In a time when the Bill of Rights did not apply to individual states Smith called for the federal government to be empowered to protect minorities when states failed to do so In this book Spencer W McBride tells the story of Smith s campaign and how his calls for religious freedom through constitutional reform are essential to understanding how the American political system evolved to what we know today [Zion Crumbling](#) Denna Clymer,Pittsburg State University. Department of History,2008 [Charisma under Pressure](#) Dan Vogel,2023-04-24 When Joseph Smith entered Kirtland Ohio for the first time he had only the year before established a church and brought forth a new book of scripture the Book of Mormon After moving the church and most of its members from western New York and establishing its headquarters at Kirtland while simultaneously establishing his Zion in communities in Missouri he oversaw a decade of both peace and prosperity and chaos and conflict But just who was Joseph Smith What motivated him In examining Smith s life during his Ohio and Missouri sojourns Vogel seeks to answer those questions But Vogel is quick to note There are in fact many possible constructions of Joseph Smith and depending on how one assesses the evidence for his truth claims a completely different Joseph Smith emerges But this is probably as Smith wanted it During this period Smith established a

temple printing presses additional scripture expanded church offices and built a bank all indicating a sense of permanence and strength for his young church at one level while causing its near collapse at another

Doniphan's Epic March Joseph G. Dawson, 1999 In 1846-1847 a ragtag army of 800 American volunteers marched 3,500 miles across deserts and mountains through Indian territory and into Mexico. There they handed the Mexican army one of its most demoralizing defeats and helped the United States win its first foreign war. Their leader Colonel Alexander Doniphan, also a volunteer, was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits. Doniphan was a small town Missouri lawyer untrained in military matters when he answered President Polk's call for volunteers in the war with Mexico. Working from a host of primary sources, Joseph Dawson focuses on Doniphan's extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua. Contending with wildfires, sandstorms, poor provisions, and the threat of attack from Apaches, they eventually came face to face with the formidable cannon and cavalry of a much larger Mexican force. Yet at the Battle of Sacramento, these hardy volunteers outflanked General Jose Heredia's army and claimed a stunning American victory on foreign soil. Dawson explores and analyzes the many facets of Doniphan's exploits, from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento, describing that battle in heart-stopping detail. He tells how Doniphan's legal expertise enabled him to supervise America's first military government, administering a conquered land at Santa Fe, and highlights Doniphan's remarkable cooperation with U.S. Army officers at a time when antagonism typified relationships between volunteers and regulars. He also introduces readers to other key personalities of the campaign, from fellow officers Stephen W. Kearny and Meriwether L. Clark to James Kiker, the controversial scout whom Doniphan reluctantly trusted. Dawson's thorough account captures the expansionist mood of America in the mid-nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny. His portrait of Doniphan and his troops reinforces the importance of the citizen soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations.
