19 Steps Up Mountain:

Seeing Race in Modern America Matthew Pratt Guterl, 2013 In this fiercely urgent book Matthew Pratt Guterl focuses on how and why we come to see race in very particular ways What does it mean to see someone as a color As racially mixed or ethnically ambiguous What history makes such things possible Drawing creatively from advertisements YouTube videos and everything in between Guterl redirects our understanding of racial sight away from the dominant categories of color away from brown and yellow and black and white and instead insists that we confront the visual practices that make those same categories seem so irrefutably important Zooming out for the bigger picture Guterl illuminates the long history of the practice of seeing and believing in race and reveals that our troublesome faith in the details discerned by the discriminating glance is widespread and very popular In so doing he upends the possibility of a postracial society by revealing how deeply race is embedded in our culture with implications that are often matters of life and death *The Happy Housewife* Lynn Thibodeau, 1977 **De Gemmis** Epiphanius (évêque de Salamine), Robert Pierpont Blake, 1934 **Mounce's Complete Expository Dictionary of Old and New Testament Words** William D. Mounce, 2009-12-15 For years Vine's Expository Dictionary has been the standard word study tool for pastors and laypeople selling millions of copies But sixty plus years of scholarship have shed extensive new light on the use of biblical Greek and Hebrew creating the need for a new more accurate more thorough dictionary of Bible words William Mounce whose Greek grammar has been used by more than 100 000 college and seminary students is the editor of this new dictionary which will become the layperson's gold standard for biblical word studies Mounce's is ideal for the reader with limited or no knowledge of Greek or Hebrew who wants greater insight into the meanings of biblical words to enhance Bible study It is also the perfect reference for busy pastors needing to quickly get at the heart of a word's meaning without wading through more technical studies What makes Mounce's superior to Vine's The most accurate in depth definitions based on the best of modern evangelical scholarship Both Greek and Hebrew words are found under each English entry Vine's separates them Employs both Strong's and G K numbering systems Vine's only uses Strong's Mounce's accuracy is endorsed by leading scholars [Interlinear for the Rest of Us](#) William D.
