Tremlett,2025-11-06 Francisco Franco Spain s formidable ruler from the late 1930s until 1975 stands as one of history s most enduring autocrats In this riveting biography Giles Tremlett delves into Franco s ascent to absolute power his unyielding control over Spain amid global changes and the enduring legacy of Francoism that continues to resonate today

International Journal of Iberian Studies ,2007      **Historia y memoria de la Guerra Civil y primer Franquismo en**

**Castilla y León** Pablo García Colmenares,2007 El estudio y conocimiento de la guerra civil y el primer franquismo en las provincias que hoy componen el espacio autonómico de Castilla y León es un periodo histórico todavía insuficientemente tratado a diferencia de otras regiones o zonas del país No obstante viene siendo objeto de atención preferente de los autores de este libro cuatro de ellos han hecho sus tesis doctorales sobre el tema de su competencia y son ya numerosos los artículos y capítulos publicados por cada uno de ellos sobre su especialización Esta publicación tiene varios objetivos en primer lugar presentar una síntesis del estado de la cuestión añadiendo las novedades de nuestra propia investigación y a la vez abriendo nuevas líneas de investigación porque es más lo que se desconoce que lo que sabemos con certidumbre científica por lo que manifestamos la necesidad de seguir elaborando nuevas monografías locales o provinciales que nos permitan superar el conocimiento actual Con esas pretensiones se presenta este libro que abarca una amplia perspectiva de la historia del espacio actual de Castilla y León desde el periodo previo a la guerra civil hasta los años sesenta del siglo XX Desde el estudio de la guerra civil y la represión franquista hasta la asfixiante y difícil vida cotidiana en la posguerra analizando el debate sobre la manipulación de la memoria y olvido de la guerra civil      La construcción del mito de Franco Laura Zenobi,2011

Una parte significativa de los especialistas hoy en día opina que el franquismo tuvo en el momento de su fundación la voluntad y la capacidad de establecer un orden afín y acorde con el del fascismo tanto ideológico como institucionalmente Para sobrevivir a la caída de los fascismos y adaptarse al nuevo contexto internacional tras la Segunda Guerra Mundial el régimen realizó periódicamente distintas operaciones de maquillaje para reafirmar la distancia con el fascismo El verdadero punto de la cuestión es que el mito del Caudillo no ha tenido hasta ahora la suficiente atención como para valorar su funcionalidad política He aquí una de las razones por las que el imaginario colectivo actual tiende a retener la figura de un anciano enfermo con una voz cada vez más sutil y alta una figura que puede suscitar varios tipos de sentimientos pero ya no miedo o autoridad Este libro pretende mostrar el proceso a través del cual Franco fue inventado como Caudillo explicando las distintas variables políticas y sociales que participaron en el mismo y recomponiendo el mosaico de su imagen mitificada

**Los mitos del 18 de julio** Ángel Viñas,Julio Aróstegui Sánchez,Fernando Hernández Sánchez,José Luis

Ledesma,Eduardo González Calleja,Francisco Sánchez Pérez,Fernando Puell de la Villa,Xosé M. Núñez Seixas,Hilari Raguer Suñer,2013-03-12 Es necesario otro libro sobre la guerra civil se pregunta el coordinador de este volumen Lo es en la

actualidad cuando los viejos mitos franquistas han sido reemplazados por un revisionismo de derechas que descalifica la república para legitimar la rebelión militar. La mejor respuesta nos la ofrece este libro: una exposición objetiva de los resultados actuales de la investigación.

Franco and the Condor Legion Michael Alpert, 2019-06-27 The Spanish Civil War was fought on land and at sea but also in an age of great interest in air warfare and the rapid development of warplanes. The war in Spain came a turning point in the development of military aircraft and was the arena in which new techniques of air war were rehearsed including high speed dogfights, attacks on ships, bombing of civilian areas and tactical air ground cooperation. At the heart of the air war were the Condor Legion, a unit composed of military personnel from Hitler's Germany who fought for Franco's Nationalists in Spain. In this book Michael Alpert provides the first study in English of the Spanish Civil War in the air. He describes and analyses the intervention of German, Italian and Soviet aircraft in the Spanish conflict as well as the supply of aircraft in general and the role of volunteer and mercenary airmen. His book provides new perspectives on the air war in Spain, the precedents set for World War II and the possible lessons learnt.

Los mitos de la represión en la Guerra Civil Angel David Martín Rubio, 2005 En relación con las víctimas de la Guerra Civil española se han creado y difundido los que podemos llamar mitos de la represión: formulaciones con algún fundamento en una realidad que ha sido deformada y que enjuicia con distinta medida la represión en un y otra zona. Todo al servicio de un proyecto concreto: la reivindicación del bando frentepopulista y la definitiva proscripción de los principios sostenidos por el Alzamiento y la España de Franco. Estas páginas permiten comprobar lo necesario que resulta acudir a los objetivos y al método de la investigación histórica sin necesidad de emplear conceptos equivocados como el de la recuperación de la memoria que encubren la voluntad de servirse del pasado como arma de combate en el empeño de degradar la convivencia entre los españoles.

*Teaching Representations of the Spanish Civil War* Noël Valis, 2007-01-20 It was the stuff of Capa, Hemingway, Orwell, Picasso, Rodoreda, Sender and a host of others working in Catalan, German, Irish and Spanish from both sides of the Atlantic. It is also very difficult to teach not only because the Spanish Civil War is perceived as the precursor to World War II but also because it has been heavily romanticized. This collection of articles and resources cuts to the events and their real impact on history, literature and the arts and includes commentary on contexts, rhetoric, ideology, writing, film, music, iconography and the visual memory and displacement. This stands alone as a series of accounts of the ways the war was and is represented, giving narratives of such elements as the memories of the Abraham Lincoln Brigade and the uses of allegory but it is also particularly valuable through its lists of resources and course syllabi.

The Politics of Victimhood in Post-conflict Societies Vincent Druliolle, Roddy Brett, 2018-02-20 This volume sheds new light upon the role of victims in the aftermath of violence. Victims are central actors in transitional justice, the politics of memory and conflict resolution yet the analysis of their mobilisation and political influence in these processes has been neglected. After introducing and explaining the reasons for this limited interest, the book's chapters focus on a range of

settings and draw on different disciplines to offer insights into the interrelated themes of victimhood victims their individual and collective identities and their role in and impact upon post conflict societies and the politics of victimhood meaning how victimhood is defined negotiated and contested both socially and politically Because it outlines a stimulating research agenda and challenges the view that victims are passive or apolitical this interdisciplinary volume is a significant contribution to the literature and will be of interest to scholars from disciplines such as law anthropology political science human rights international studies and to practitioners

**La música en la Guerra Civil Española** Marco Antonio de la Ossa

Martínez,2011 El presente volumen ofrece un análisis del apartado musical culto y popular de la guerra civil española y estudia las características de la política republicana en materia musical al tiempo que realiza un repaso sobre cómo afectó la contienda a la vida y obra de los principales compositores De esta manera entre 1936 y 1939 concurren un importante conjunto de intérpretes y creadores pertenecientes a distintas generaciones y con postulados creativos y estéticos distintos y diversos En otros ámbitos la música tampoco se detuvo en la guerra Las poblaciones de mayor tamaño o situadas en la retaguardia continuaron con la programación de actos musicales de diverso signo y estilo Las bandas de música eran sin duda las agrupaciones de mayor popularidad en todo el país antes de la guerra Continuaron su andadura durante el conflicto aun con distinto matiz Prácticamente todos los cuerpos y divisiones de ambos ejércitos contaron con una Por tanto su no mero actividad e importancia fue muy reseñable ya que su presencia fue notable en el día a día de secciones militares batallones y retaguardia Musicalmente la creación y difusión de canciones e himnos y las marchas militares capitalizaron en gran medida el ámbito de la composición durante la guerra Música propaganda y política se fundieron ya que la primera también debía cooperar en el fin principal que no era otro más que lograr la victoria

*Memoria de la Segunda República* Julio

Aróstegui,2006 En el año que celebramos el 75 aniversario de la proclamación de la Segunda República española su memoria idealizada por unos estigmatizada por otros se resiste a desaparecer Quisiera la República que no se olvida La República fue desde luego mucho más que el régimen que precedió al estallido de la Guerra Civil Fue una ilusión una gran esperanza Fue un revulsivo Fue también y sobre todo la primera experiencia democrática se vio desbordada por los extremos Aquel régimen cuya proclamación despertó un gran fervor colectivo y alimentó las legítimas esperanzas de buena parte de la sociedad española de la época suscitó también una considerable prevención en otros sectores importantes del país profundamente arraigados en los valores más tradicionales La República no dejó indiferente probablemente a casi nadie al menos en 1936 cuando llegó el momento de la verdad defenderla hasta la muerte o erradicarla para siempre de la Historia

*Historia y memoria escolar*

Rafael Valls Montes,Rafael Valls,2009 El período más conflictivo y dramático de la historia española del siglo xx es sin duda el de la Guerra Civil y el de la dictadura franquista por lo que se convierte en uno de los temas más delicados a la hora de tratarlo en los manuales de historia En este estudio se analiza la forma en la que los manuales de historia en el franquismo en la transición democrática y en la más reciente actualidad han tratado y tratan el período comprendido entre 1931 y 1975 La

investigación analiza la forma y el grado en que los programas y manuales escolares de historia de educación secundaria han contribuido al fortalecimiento de las convicciones democráticas de los jóvenes y a la generación de una reconciliación viable con el complejo y dramático pasado español respecto de sus momentos más difíciles y controvertidos: la Guerra Civil y el período franquista. El baluarte de la buena conciencia Roberto G. Fandiño, 2009 Historias, 2007 **La odisea de la memoria** Josefina Cuesta Bustillo, 2008 La eclosión de la memoria en las sociedades posdictatoriales es uno de los acontecimientos históricos del último tercio del siglo XX. Esta obra pretende abordar una investigación y reflexión de conjunto sobre los trabajos de la memoria en España desde la Segunda República hasta hoy. Analiza cómo los distintos períodos históricos se han enfrentado con su pasado inmediato o remoto. Se detiene especialmente en la incorporación de los diversos pasados: Segunda República, Guerra Civil, dictadura franquista y Transición hasta la actual democracia y en los escollos, dificultades, limitaciones, logros, aportaciones y batallas de esa odisea que es la historia de la memoria en España. Sobre qué crímenes de Estado, qué violaciones de los derechos humanos, qué sistemas de opresión y represión intelectual y material se han articulado, recuerdos, silencios, olvidos, nostalgias, mitos, amnesias, amnistías y justicias, también perdidas y se ha edificado el reencuentro democrático. **Vigencia del pensamiento político de Vicente Lombardo Toledano** Marcela Lombardo, Vicente Lombardo Toledano, 2004
