

Les conséquences de la première guerre mondiale CM2

Étudier les conséquences de la première guerre mondiale en CM2

Le programme d'histoire du cycle 3 prévoit une large place à l'étude des conflits mondiaux et leurs conséquences. Vous programmez donc vos séquences à ce sujet et cherchez à vous mettre au clair pour présenter les conséquences de la première guerre mondiale à vos CM2. Après un rappel incontournable du conflit, retrouvez dans notre articles les ressources dont vous avez besoin pour en aborder les conséquences, une clé de compréhension importante pour l'étude du 20ème siècle, la seconde guerre mondiale et la construction européenne.

Un point sur les textes officiels

Les programmes officiels prévoient, dans le thème 3 de [l'histoire au CM2](#), l'étude de « la France, des guerres mondiales à l'Union européenne » :

« À partir des traces de la Grande Guerre et de la Seconde Guerre mondiale dans l'environnement des élèves (lieux de mémoire et du souvenir, paysages montrant les reconstructions, sites de commémoration), on présente l'ampleur des deux conflits en les situant dans leurs contextes européen et mondial. On évoque la Résistance, la France combattante et la collaboration. On aborde le génocide des Juifs ainsi que les persécutions à l'encontre d'autres populations. L'élève découvre que des pays européens, autrefois en guerre les uns contre les autres, sont aujourd'hui rassemblés au sein de l'Union européenne. »

Un bref rappel de la Grande Guerre

Alors que l'Europe est sous tension, l'héritier de la couronne austro-hongroise, l'Archiduc François Ferdinand est assassiné par un terroriste serbe le 28 juin 1914. Cet attentat de Sarajevo met le feu aux poudres. L'empereur autrichien François-Joseph Ier veut donner une leçon à la Serbie. La Russie lui apporte son soutien et la France se sent obligée d'apporter sa garantie à la Russie. C'est le moment d'illustrer vos propos avec une affiche d'ordre de mobilisation générale. L'Allemagne, de son côté, se doit de soutenir l'Autriche et déclare la guerre à la France le 3 août. Pour aller plus vite, l'armée allemande envahit la Belgique, violant sa neutralité. Les Anglais déclarent alors la guerre aux Allemands en représailles. En quelques semaines, par jeu d'alliances, le conflit est mondial et mobilise 6 millions d'hommes. Alors que tout le monde pense qu'il sera de courte durée, il s'enlise et devient une longue guerre de tranchées.
