1967 The Last Good Year:

John Lennon, Yoko Ono and the Year Canada Was Cool Greg Marquis, 2020-10-13 John Lennon was the world's biggest rock star in the late Sixties. With his new wife Yoko Ono, the duo were icons of the peace movement, denouncing the Vietnam War. In 1969, at the height of their popularity, they headed to Canada. Canada was already a politically charged place. In 1968, Pierre Elliott Trudeau rode a wave of popularity, dubbed Trudeaumania, for its similarities to the Beatlemania of the era. The sexual revolution, hippie culture, the New Left, and the peace movement were challenging norms, frightening the authorities, and provoking backlash. Quebec nationalism was putting the power of the English-speaking minority running the province on the defensive and threatening the breakup of the country. John Lennon and Yoko Ono staged a bed-in for peace at an upscale downtown Montreal hotel. The couple, aided by the CBC, saw a steady stream of journalists, musicians, and activists arriving for interviews, political discussions, singing, and art-making. The classic "Give Peace a Chance" was recorded there with the help of local Quebecois musicians. Three months later, they were back in Canada with Eric Clapton and other friends to play a concert festival in Toronto, arranged by local promoters. American acts like Little Richard, The Doors, Bo Diddley, and Alice Cooper, along with many Canadian pop musicians of the time, played at the festival. At year's end, the duo met with Prime Minister Trudeau in Ottawa. By this time, Trudeau was cracking down on dissent, mainly in Quebec, and falling out of favour with the counterculture crowd. John and Yoko included. Recounting the story of these events, historian Greg Marquis offers a unique portrayal of Canadian society in the late Sixties, recounting how politicians, activists, police, artists, musicians, and businesses across Canada reacted to John and Yoko's presence and message. **John Lennon, Yoko Ono and the Year Canada Was Cool** is an illuminating and entertaining read for anyone interested in this fascinating moment in Canadian history. **Pierre Berton**

Brian McKillop, 2010-09-07 The first ever biography of one of Canada's best-known and most colourful personalities by an award-winning author. From his northern childhood on, it was clear that Pierre Berton (1920-2004) was different from his peers. Over the course of his eighty-four years, he would become the most famous Canadian media figure of his time in newspapers, magazines, radio, television, and books, sometimes all at once. Berton dominated bookstore shelves for almost half a century, winning Governor General's Awards for *Klondike* and *The Last Spike*, among many others, along with a dozen honorary degrees. Throughout it all, Berton was larger than life, full of verve and ideas; he approached everything he did with passion, humour, and an insatiable curiosity. He loved controversy and being the centre of attention, and provoked national debate on subjects as wide-ranging as religion and marijuana use. A major voice of Canadian nationalism at the dawn of globalization, he made Canadians take interest in their own history and become proud of it. But he had his critics too, and some considered him egocentric and mean-spirited. Now, with the same meticulous research and storytelling skill that earned him wide critical acclaim for *The Spinster* and *The Prophet*, Brian McKillop traces Pierre Berton's remarkable life with special emphasis on his early days and his rise to prominence. The result is a comprehensive, vivid portrait of the life and work of one of our most

celebrated national figures **Canadian History For Dummies** Will Ferguson, 2012-10-15 A wild ride through Canadian history fully revised and updated This new edition of Canadian History For Dummies takes readers on a thrilling ride through Canadian history from indigenous native cultures and early French and British settlements through Paul Martin's shaky minority government This timely update features all the latest up to the minute findings in historical and archeological research In his trademark irreverent style Will Ferguson celebrates Canada's double gold in hockey at the 2002 Olympics investigates Jean Chrétien's decision not to participate in the war in Iraq and dissects the recent sponsorship scandal

1967, the Last Good Year Pierre Berton, 1997 Few Canadians over the age of forty can forget the feeling of joy and celebration that washed over the country during Canada's centennial year We were Pierre Berton reminds us a nation in love with itself basking in the warm glow of international applause brought on by the unexpected success of Expo 67 and pumped up by the year long birthday party that had us all warbling Ca na da as Bobby Gimby and his gaggle of small children pranced down the byways of the nation It was a turning point year a watershed year a year of beginnings as well as endings One royal commission finally came to a close with a warning about the need for a new approach to Quebec Another was launched to investigate for the first time the status of Canadian women New attitudes to divorce and homosexuality were enshrined in law A charismatic figure Pierre Elliott Trudeau made clear that the state had no place in the bedrooms of the nation The seeds of Women's Lib Gay Pride and even Red Power were sown in the centennial year Of all the pavilions on the Expo site Berton singles out the Indian pavilion as having the greatest impact The country was in a ferment that year Canadians worried about the Americanization of every institution from the political convention to Hockey Night in Canada People talked about the Generation Gap as thousands of flower children held love ins in city parks The government tried to respond by launching the Company of Young Canadians a project that was less than successful The most significant event of 1967 was Charles de Gaulle's notorious Vive le Quebec libre speech in Montreal It gave the burgeoning separatist movement a new legitimacy enhanced by Rene Levesque's departure from the Liberal party later that year Throughout the book the author gives us insightful profiles of some of the significant figures of 1967 the centennial activists Judy LaMarsh and John Fisher the Expo entrepreneurs Philippe de Gaspe Beaubien and Edward Churchill Walter Gordon the fervent nationalist and his rival Mitchell Sharp Lester Pearson and his bete noire John Diefenbaker the three men of the world who helped make Canada internationally famous Marshall McLuhan Glenn Gould and Roy Thomson hippie leaders like David dePoe American draft dodgers like Mark Satin women's activists like Doris Anderson and Laura Sabia youth workers like Barbara Hall radicals like Pierre Vallières author of White Niggers of America and such dedicated nationalists as Madame Chaput Rolland and Andre Laurendeau In spite of the feeling of exultation that marked the centennial year an opposite sentiment runs through the book like dark thread the growing fear that the country was facing its gravest crisis Berton points out that we are far better off today than we were in 1967 Then why all the hand wringing he asks Because of the very real fear that the

country we celebrated so joyously thirty years ago is in the process of falling apart In that sense 1967 was the last good year before all Canadians began to be concerned about the future of our country
