### HOW TO USE THIS IDENTIFICATION CHART

Numbers referred to herein are from Scott's Standard Postage Stamp Catalog. To identify any stamp in this series, first check the type by comparing it with the illustrations at the top of the chart. Then check the perforations, and whether the stamp is single or double line watermarked or unwatermarked. With this information you can quickly find out the Standard Catalog number by checking down and across the chart. For example, a 1c Franklin, perf. 12, single line watermark, must be Scott's #374.

International Court of Justice which together demonstrate conclusively that the islands are British territory in international law and that the Falkland Islanders who have now 2024 lived in their country for over 180 years and for nine generations are a unique people who are holders of territorial sovereignty with the full right of external self determination *The Postal Bulletin* ,1995 Scott 1995 Standard Postage Stamp Catalogue ,1994 *Weekly Philatelic Gossip* ,1940 **Mekeel's Weekly Stamp News** I.
