William Pfeiffer,1998-12-04

**The Gerontologist as an Administrator** Jeffrey Anthone Giordano,Thomas A. Rich,2001-03-30 For students and practitioners of gerontology this indispensable text examines all aspects of administering services to older adults Jeffrey A Giordano and Thomas A Rich both professors of gerontology with extensive experience in administration surveyed practicing administrators over a two year period The resulting integration of administrative theory and practice is evident throughout this book s 13 chapters which address everything from leadership styles and management techniques to ethical issues and community relations In addition the authors thoroughly examine the most widely encountered facets of the typical gerontologist administrator s career including communication organizational structure the role and function of human resources administration motivation and productivity supervisory responsibilities staff development financial management strategic planning program evaluation and organizational change Both undergraduate and graduate students of gerontology will benefit from using Giordano and Rich s book as a core text for administration courses Professors of gerontology administration will be relieved at last to have found a work that emphasizes the unique requirements of administering older adult programs The authors consider all three service sectors private public and not for profit in addressing those who are now in administration those who aspire to be administrators and those who will be surprised someday to be offered administrative responsibilities Assuming a basic knowledge of gerontology the text includes a learning experience following each chapter that allows readers to apply their knowledge of the field in a practical manner Other special features include information on such contemporary challenges as how to use volunteers effectively how to integrate ethics into programs for older adults how to involve staff in administrative activities how to make the most of public relations and fund raising opportunities and how to develop special projects **Measuring What Matters: Competency-Based Learning Models in Higher Education** Richard Voorhees,2001-07-30 Intended as a toolkit for academic administrators faculty

and researchers to deal effectively with the rapid emergence of competency based learning models across higher education this volume provides practical advice and proven techniques for implementing and evaluating these models Drawing from a recent National Postsecondary Education Cooperative project that examined data and policy implications across public and private institutions as well as an industrial setting readers will find an inventory of strong practices to utilize in evaluating competency based initiatives Issues discussed include practical concerns of measuring and reporting competency the critical connections between the skills employers seek and student preparation for them the connections between distance education accreditation and competencies and the difficult procedure of setting appropriate passing standards for assessments With a bibliography on competency literature and a framework for creating competency models this volume is an invaluable tool to researchers and practitioners alike This is the 110th issue of the Jossey Bass series *New Directions for Institutional Research*
