HOW TO USE THIS IDENTIFICATION CHART

Numbers referred to herein are from Scott's Standard Postage Stamp Catalog. To identify any stamp in this series, first check the type by comparing it with the illustrations at the top of the chart. Then check the perforations, and whether the stamp is single or double line watermarked or unwatermarked. With this information you can quickly find out the Standard Catalog number by checking down and across the chart. For example, a 1c Franklin, perf. 12, single line watermark, must be Scott's #374.
