F.H. Varley Katerina Atanassova,2007-03-30 Frederick Horsman Varley was unique among the members of the Group of
Seven One of the greatest Canadian portraitists of the twentieth century he is an intriguing example of an artist who despite
his fame as a portrait painter remains better known for his landscapes This is due mainly to his position as one of the
founding members of the Group of Seven and their deliberate attempt to raise awareness of our national identity by depicting
the Canadian landscape Even though many public collections across the country including the National Gallery of Canada the
Art Gallery of Ontario and the Vancouver Art Gallery display some of Varley s best known portraits these works do not easily
fit into the conventional mould of the Group of Seven Nearly four decades after his death Varley s portraits are still not fully
acknowledged The release of this beautifully illustrated bilingual volume coincides with the opening of an unprecedented
exhibition of his portraiture *The Chicago Legal News* ,1873
