Bethune The Montreal Years

John Douglas Borthwick

Bethune The Montreal Years:

Bethune MacLeod, Wendell, Park, Libbie, Ryerson, Stanley, 1978 Three of Norman Bethune's close Montreal friends and associates from the Thirties collaborated to write this informal portrait of Bethune during a critical and fascinating period of his life. Soon after Bethune's 1928 return from the United States to Canada, Montreal fell into the grip of the Depression. His research soon showed a correlation between worsening economic conditions and an increase in the number of tuberculosis victims in the city. Like many other intellectuals and professionals, he was drawn towards the political left as he tried to understand the basis for the economic crisis. These experiences led him to Russia, to Spain, and finally to China, each journey strengthening his growing political convictions. The authors of *Bethune The Montreal Years* were all involved with Norman Bethune and his work during this period. Each provides a unique personal portrait of Bethune, his friends, and his work, and together they convey their great affection and respect for this distinguished Canadian. [Bethune](#) Wendell""

Drawing from many disciplines—history, anthropology, demography, art history, disability studies, and sociology—and across a broad geography, *Healing the World's Children* sheds light on the medical, political, and cultural dimensions of the efforts to preserve and protect the lives of our most vulnerable citizens. [Mac-Pap](#) Ronald Liversedge, 2013-09-05 Ron Liversedge could hardly wait for the call from the International Brigades. A veteran of the Great War, Canada's Great Depression, and scores of battles for social justice, he wanted to get to Spain to fight against Franco's attack on the young Spanish republic. It was the spring of 1937. Liversedge was nearly 40. The call came on May Day. Liversedge left Vancouver on a clandestine journey through late depression North America to a ship, spiriting his fellow fighters to Europe to an immediate brush with death when he is torpedoed by a fascist submarine. To rudimentary training of the international volunteers in Spain. Ill-prepared and ill-equipped, Liversedge in the Mackenzie Papineau battalion is thrown into withering front-line action at Fuentes de Ebro and a grinding succession of battles, steadily beaten back by the fascist onslaught to the final exodus from Barcelona. Liversedge's memoir of those two years, written in the 1960s, is a riveting soldier's-eye account of life and death at the front of the fascinating panoply of characters drawn to the Spanish struggle of the ravages of the war on Spain and its people and of the reasons that drove
