Better Coaching Frank S. Pyke, 1991 The Role of the Coach The Athlete Improving the Athlete Factors Influencing the Athlete Planning Considerations Australian Sports Commission

ITF Advanced Coaches Manual Miguel Crespo, Dave Miley, 1998

The Routledge Handbook of Coach Development in Sport Steven B. Rynne, Clifford J. Mallett, 2024-05-24 The Routledge Handbook of Coach Development in Sport is a comprehensive text that underscores the importance of learning and context for those who sculpt the environment in which people of all ages develop in and through sport Coaches and those responsible for the development of coaches are best positioned as both learners and facilitators of learning As sport becomes more globalised the concomitant professionalisation of coaches necessitates ongoing learning and development to embrace new knowledge and understanding Moreover contemporary coach development presents as a wicked problem in that it continues to evolve it is contextually bound and there is no single or obvious way to approach it Problematically there is often limited assistance available to support coaches and coach developers in their ongoing development As such this book provides a truly international reference point that brings together leading scholars and practitioners from across the globe to provide an overview of the theories and practices of coaches and coach developers that are impacting the quality of sporting environments Therefore this book is an important reference for researchers scholars and practitioners alike in the fields of Sport Coaching Coach Development Sport Development Sport for Development Physical Education and related disciplines

Pedagogy and Human Movement Richard Tinning, 2009-09-10 Pedagogy and Human Movement explores the pedagogies of human movement and how they re produce knowledge related to physical activity the body and health This is an essential read for all interested in the teaching or studying of human movement studies

Coaching, Sport and the Law Neil Partington, 2021-05-11 The interdependent coach athlete relationship represents the most fundamental instance of a duty of care in sport This book defines analyses and clarifies the duty of care incumbent upon sports coaches and identifies important recommendations of real world significance for coaching practice Given the dynamic relationship between coaching sport and the law it is imperative that coaches have an informed awareness of the evolving legal context in which they discharge their duty of care Detailed analysis of a coach s duty of care has so far been lacking The book addresses this gap by being the first to critically scrutinise the concept of duty of care in the specific context of sports coaching Sustained analysis of the developing case law allows the scope and boundaries of the particular duties demanded of coaches to be rigorously examined The legal principles and court decisions discussed relate to coaching delivered in a wide range of individual and team sports at both amateur and professional levels of performance and include

common scenarios and challenges frequently encountered by sports coaches globally. By adopting an interdisciplinary approach within a broader socio-legal methodological framework, this book's detailed analysis and original insights will prove highly instructive for practising coaches, coach educators, and national governing bodies of sport. It also offers extremely valuable insights for students, teachers, and practitioners involved in sports law, sports coaching, sports ethics, tort law, sports policy, and development, sports studies, and physical education.

The British Canoe Union Coaching Handbook British Canoe Union, 2006. A manual of coaching techniques, advice, and guidelines for the canoe and kayak coach. This book is a mine of useful information and practical tips. If you aspire to be a better canoe or kayak coach, this is the book for you. The book divides into three sections. Part One deals with coaching theory and fundamentals such as psychology and physiology explained in terms that make sense to a practical coach. Part Two looks at generic coaching skills that will provide useful tools whatever discipline the coach is involved in. It works its way from introducing people to canoe sport right through to coaching elite athletes. Part Three looks at specific aspects of canoe sport such as slalom racing, sea kayaking, white water kayaking, open canoeing, and freestyle.

Sports Coach, 2008. **Managing Sport Development** Emma Sherry, Nico Schulenkorf, Pamm Phillips, 2016-02-12. Sport development has become a significant part of the international sport industry. The development of sport, creating pathways for participation and talent development, and sport for development using sport as a tool to achieve outcomes beyond sport, are now fundamental aspects of the organisation and governance of sport around the world. Consequently, any manager working in sport today needs to understand what sport development is and how sport development programs can be managed, implemented, and evaluated. This is the first undergraduate textbook to offer a complete introduction to sport development, covering theory and its application to managerial practice, with examples from international contexts. The book integrates discussion of the development of sport and sport for development in every chapter, with international case studies to illustrate the significance and application of both. Each chapter introduces key theory, examines the implications of theory for practice, and critically analyses practical managerial issues. Discussion of both able-bodied and disability sport are embedded throughout, and the book includes a range of useful features to aid understanding, such as learning objectives, real-world data, and examples, key terms, review questions, and a companion website containing slides and a test bank for instructors. **Managing Sport Development** is an essential text for any introductory sport development course and invaluable reading for any course on international sport management, sport policy, sport governance, sport and social issues, or coach education.

Coaching Athletes with Cerebral Palsy Scott Goodman, Mirjam Houbolt, Karen Denman, 1998. **USA Gymnastics Safety Handbook for Gymnastics and Other Sport Activities** USA Gymnastics, 1994. **The Hockey Coach's Manual** Michael A. Smith, 1997. **THE HOCKEY COACHES MANUAL** presents a winning formula for the hockey season. Complete with step-by-step diagrams, it helps coaches set up a season-long program of training.

The Law Coach Edgar Hammond, 1921. **The Road Coach Guide**, 1894. **Better Buses and Motor Coach**

Transportation ,1925 Hub and New York Coach-makers' Magazine ,1889 Coach-makers' International Journal ,1906
Journal of Health, Physical Education, Recreation ,1933 **The civil service coach** Stanley Savill,1892
Middle and Long Distances Jess Jarver,2002 A collection of 32 recent articles reprints new translations and original contributions on running training for 800 meters marathon Constitutes an essential course on the art and science of modern running training and technique
